## MAY CALL MILITIA

SITUATION IN MINE STRIKE SAID TO BE CRITICAL.

TROUBLE AT WILLIAMSTOWN

WARRANTS SWORN OUT FOR TEN STRIKERS.

CHARGED WITH INCITING RIOT

NINTH WEEK OF STRIKE OPENS WITHOUT INCIDENT.

Harrisburg, Pa., July 7.—Sheriff Reiff swore out warrants today for the arrest of ten strikers at Williamstown, this county, for inciting to riot and interfering with his deputies in protecting non-union men going to and from work in the mines at Lykens and Williamstown.

The sheriff says the situation in the region is critical and that if there is another outbreak like that of last Wednesday, when he and his deputies were assaulted while protecting non-union miners, he will call upon Governor Stone for protection by the militia.

Twenty of the rioters were arrested on Thursday at Williamstown and held in bail for court, but this does not seem to have improved the situation and the sheriff concluded to bring suit here and compel the rioters to come to Harrisburg for a hearing. The sheriff came here this morning to make information against the rioters and returned to the Lykens region at noon to assist his deputies in arresting the strikers, for whom warrants have been issued.

### NINTH WEEK OPENS QUIET.

Wilkesbarre, Pa., July 7.—The ninth week of the anthracite coal miners' strike opened extremely quiet. Conditions around the collieries remain unchanged.

The strikers of this district, which is composed of all the territory from Forest City, twenty miles north of Scranton, to Shickshinny, sixteen miles south of here, were interested in the annual convention, which opened at Nanticoke today. The meeting in point of numbers is the largest in the history of the district. As far as is known no very important business will come before the convention. President Nicholls is sure of a unanimous re-election, as are also most of the other officers. Vice President Adam Ruscavage and Secretary John Dempsey are being opposed for re-election.

President Mitchell's sudden departure for New York yesterday continues to excite interest among the miners here. Outside of a statement made by one of his lieutenants last night that the miners' chief went to New York for the purpose of seeing labor leaders, no information can be had here as to the exact purpose of President Mitchell's trip.

### BALTIMORE STRIKE SPREADS.

Baltimore, Md., July 7.—Two strike orders went into effect today and 1,400 union workmen affiliated with the carpenters and garment workers' union quit work. As a result of the strike of the carpenters work on new buildings has been generally suspended. The carpenters demand $3 a day and nine hours work for every day except Saturday, when the day shall be one hour shorter. The three carpenters' unions in Baltimore are united in the strike.

The number of garment workers on strike is about 600, including operators and pressers. Their grievance is that employers require them to supply their own sewing machines, flat irons and other implements. A few employes have submitted to the demands by signing agreements to furnish machines. Both the striking carpenters and garment workers are confident that all their demands will be acceded to during the present week.

### STRIKERS RETURN TO WORK.

Providence, R. I., July 7.—Having voted, after a strike of two months' duration, to return to work, the motormen and conductors of the United Traction company here lost no time today in making application for their old places. At the offices of the company the men found less than 150 vacancies for about four or five hundred applications. The railroad officials had announced their intention of re-employing only as many of its old men as were needed without displacing those who had been taken on during the strike. The number required today were taken back and others were placed on the waiting list.

In Pawtucket the strikers have refused to abide by the decision of the Street Railway Employes' union and they will not return at present. The strike began early in May when the United Traction company, being compelled to reduce the hours of its employes under a new labor law, refused to grant the demand of the men for the same pay as was received for the longer day.

### WILL NOT TALK STRIKE.

New York, July 7.—President Mitchell, of the United Mine Workers, who arrived in the city last night, said today that the purpose of his visit was to see some friends who are to sail for Europe tomorrow.

"Is it your purpose to see certain people with a view of settling the strike or for the purpose of effecting a compromise?" was asked.

"I shall decline to discuss the strike," replied Mr. Mitchell.

## FUGITIVE ARRESTED HERE

JOHN STOCKER IS WANTED AT DECATUR, ILL.

Committed Larceny and Was Nabbed on a Wabash Train Here by Detective Coling.

John A. Stocker, of Decatur, Ill., was arrested at the Wabash depot yesterday noon and is being held for the arrival of an officer from that city. He is wanted for larceny.

A telegram from the chief of police of Decatur was received at the police department after 10 o'clock yesterday, but it was an hour and a half later before the telegram reached Detective Coling's hands. He went to the Wabash depot, arriving there just about four minutes before the train from the west pulled in. He watched the passengers alight and then went through the train, but failed to find anyone answering the description. The telegram had informed the local officers that Stocker had bought a ticket at Decatur for Cleveland, but would stop off at Fort Wayne. He made a hurried inquiry at the ticket office and learned that a train from Decatur had arrived in the morning and that passengers for Cleveland were obliged to change cars at this point. He went back to the train and presently saw his man climbing on and enter a car. He accosted him, got him tangled in his statements and snaked him off the car just as the train started. The fellow protested vigorously, but later at the station confessed the whole matter. He is a young fellow of about 22 and is a brass polisher by trade. Before leaving Decatur he robbed his roommate of $23 in cash and dress suit case and a lot of underwear and other clothing. He surrendered the cash and other plunder and said that should settle it and he guessed now that he had settled he would resume his pilgrimage. The superintendent said he guessed not. The Decatur officials were notified and information was received that an officer would be here with requisition papers sometime today. Stocker expresses great penitence and says he will go back without papers.

## BIG STRIKE IS ON

CHICAGO FREIGHT HANDLERS HAVE QUIT WORK.

ALL RAILROADS AFFECTED

STRIKING WORKMEN NUMBER OVER 8,000.

POLICE RESERVES CALLED

STRIKERS MARCH FROM WORK WITH CHEERS.

Chicago, July 7.—A strike of 9,000 freight handlers in Chicago was called today and every freight house of the twenty-four railroads concerned is practically tied up. Business men fear that the strike will be the most serious which has affected their interests in years.

The strike was called by a committee appointed at a meeting of 1,000 freight handlers held last night. The committee was instructed to call a strike within forty-eight hours unless the railroads should meet the demands of the men at once for an increase in wages, extra pay for overtime and holidays and recognition of the union.

Action on these instructions were taken sooner than had been expected. The committee went first to the men in the Michigan Central, Illinois Central and Wisconsin Central houses on the lake front.

COUNSELED GOOD ORDER.

One thousand men walked out from these warehouses alone. They congregated at the foot of the viaduct and calls for speeches were made. D. F. Ryan, a Michigan Central man, who had left his post as a delivery clerk, mounted a wagon and waving his union card by way of gesture said:

"Be sober, men. Be lawabiding, be good American citizens and the battle is ours." The crowd cheered him vociferously and he continued for some time to talk in a similar strain. Other speakers, all counselling peace, followed.

WALKED OUT WITH CHEERS.

The men walked out with cheers and marched across the viaduct on Randolph street with their union cards tucked in their hats.

By messenger and by telephone, according to the strike leaders, all other members of the interior freight handlers and warehousemen's union was called out. At noon President Curran of the union reported that his men were all out and that it was all but impossible for any freight to enter Chicago, or to leave it. Many of the railroads had small forces of men previously hired, on hand when the strike was called and by adding to it men from other departments managed to handle perishable commodities.

In the hiring of non-union men it is said the railroads run a serious risk of brining about a strike of the teamsters, who recently won their fight from the packers. The teamsters, it is said, will refuse absolutely to have anything to do with freight in any way handled by non-union help.

The men called out include foremen, check, re-check, receiving and delivery clerks, sealers, callers, weighmasters, stevedores, coopers and elevator men.

POLICE RESERVES PLACED.

Chief of Police O'Neill, when notified that a strike had been called, sent orders to his subordinates to make every preparation to preserve peace. Two hundred and fifty men were called in from outlying stations to form a reserve force to be stationed at the downtown stations. From the stations the men went in squads to the different yards. There was no marked demonstrations as they entered, although they had to remain quiet under a running fire of sarcasm and rough language.

W. F. Brown, general manager of the L. S. & M. S. said to the Associated Press of the situation on his road:

"About 80 per cent. of our men went out. The remainder, with additional help we have hired, are handling our business as well as could be expected. Our business is not tied up and will not be."

WILL NOT RECOGNIZE UNION.

J. Harahan, second vice president of the Illinois Central, said that about half of his company's 450 men had struck, but that he "had men close at hand to take their places." Mr. Harahan said he thought the strike could have been avoided if the men had been willing to consult with the roads through their own committees, instead of through their union.

"We have no trouble in adjusting differences with our engineers, firemen and other employes," said Mr. Harahan, "but the freight handlers presented a document through officers of the union and we, of course, could not deal with them through third parties."

In reply to a question, Mr. Harahan said that the railroads were a unit in refusing to deal with the strikers through their union, but all of them were ready at any time to discuss and adjust grievances if presented by their employes.

He did not think there would be much difficulty in supplying men to take the strikers' places.

THE ROADS AFFECTED.

The principal railroad systems affected by the strike are:

The Chicago, Cincinnati and St. Louis; Chicago and Great Western; Baltimore and Ohio; Erie; Atchison, Topeka and Santa Fe; Chicago Terminal Transfer company; Lake Shore and Michigan Southern; Chicago Rock Island and Pacific; Chicago and Alton; the "Monon"; Chicago and Eastern Illinois; Wabash; Grand Trunk; Chicago, Burlington and Quincy; the Pennsylvania; Chicago and Northwestern; Chicago, Milwaukee and St. Paul; Illinois Central; Michigan Central, and the "Nickel Plate." These roads control over 100 warehouses in Chicago.

HAVE TEAMSTERS' SYMPATHY.

Although officials of the teamsters' union have declared that no instructions have been given the teamsters as to backing up the freight handlers, the sympathy of the teamsters was made apparent today. When the men walked out of the Illinois Central warehouse the teamsters who were receiving or unloading freight immediately took their trucks away.

That the railroads are expecting a strenuous struggle was made evident today when the chief detective of an eastern road bought 100 billies, the entire stock of a prominent firm.

Chairman Job, of the state board of arbitration, said today that he would make every possible effort to bring about peace between the men and their employers.

## WIFE MURDERER SUICIDES

THEO. OELFEUER DRIVEN TO DEATH BY REMORSE.

Hanged Himself With a Rope Made of Underclothing in His Cell in Chicago Station.

Chicago, July 7.—Theodore Oelfeuer, who yesterday murdered his wife and wounded his baby and a 17-year-old step-daughter, committed suicide in his cell at the police station late last night. His body was discovered this morning hanging from a rope made from his undergarments. Earlier last night the prisoner expressed sorrow over his crime and about midnight was apparently dozing. Oelfeuer's outer clothing had been taken from him. His desperation over his situation is shown by the fact that while standing upright at any time he might have relieved the pressure of the noose. Oelfeuer's wounded baby was still alive today, but probably will not recover.

Taking his revenge for a quarrel of long standing, Oelfeuer shot and killed his wife, Adaline, early yesterday morning, as she lay sleeping in her bed at their home, 27 West Twenty-first street. Then he turned the revolver on his baby son, Walter, and on his step-daughter, 17-year-old Lizzie Stramm, who were sleeping with his wife, wounding the former fatally and putting a bullet in the latter's shoulder. He also fired a shot at his step-sons, John and Ernest Stramm, but hit neither.

Oelfeuer committed the crime with the utmost coolness. He did not even waken his wife to say a word to her before firing the bullet into her heart. When all was over he hid in the attic of the building until Officers Nihill and Bresnahan came to arrest him. He snapped his revolver at them, but the cartridges had all been exploded and he was unable to do further harm.

### A JAG OF HIGH DEGREE.

Officer Dickson at noon today arrested William Asplin, a fellow Scotchman from the top notch of the highlands. Asplin was drunk and had been asking people for money to send a cablegram to the old country which was supposed to bring him wads of money. He had letters on his person showing that he comes of good family and also showing that he is a Mason in high standing. His game got too strong and he was locked up to think it over. His home is in Glasgow and on his person were letters from wife, daughter and sons.

## INJURIES SEVERE

RT. HON. JOSEPH CHAMBERLAIN CONFINED TO HOSPITAL.

MEETS ACCIDENT IN A CAB

HURLED FORWARD AND HEAD BREAKS A GLASS.

BAD GASH CUT IN FOREHEAD

COLONIAL SECRETARY LOSES CONSIDERABLE BLOOD.

London, July 7.—The colonial secretary, Joseph Chamberlain, was somewhat severely cut on the head this afternoon as the result of a cab accident in Whitehall. The secretary's hansom was passing through the Canadian arch when the horse slipped and Mr. Chamberlain was precipitated forward with great violence. His head struck and shattered the glass front of the cab. When extricated it was seen that Mr. Chamberlain's head was badly lacerated and bleeding profusely. A policeman helped the secretary into a cab and accompanied him to Charing Cross hospital, where his injuries were dressed.

Though Mr. Chamberlain's wounds bled a great deal, they were not serious.

Nevertheless Mr. Chamberlain was sufficiently injured to necessitate his remaining at the hospital all night. It is officially announced that Mr. Chamberlain is suffering from a scalp wound, which is of a severe, but not dangerous character, rendering advisable his detention for the night.

When picked up Mr. Chamberlain, in reply to a question, said he did not feel faint, but could not afford to lose such a lot of blood. The gash on his forehead required a number of stitches.

Austen Chamberlain, eldest son of the secretary, is with his father, as are also his two secretaries.

Mr. Chamberlain is resting quietly, but the doctors are not sure he can be moved tomorrow.

The conference of the colonial premiers, which was to have been held tomorrow to discuss the question of imperial defence, has been postponed in consequence of the accident to Mr. Chamberlain.

### FACE BADLY BURNED.

The 7-year-old daughter of Mr. and Mrs. James Ormiston, of Piqua avenue, was badly burned yesterday by the explosion of a firecracker which in some unaccountable manner was not touched off on the Fourth. The child's face was completely filled with burned powder.

### BIG SYRIAN COLONY.

Twenty-six Syrians arrived in Fort Wayne from Montreal, Can., last evening. They were a portion of the colony held up there by the custom authorities, and their release was secured through the efforts of Attorney H. G. Keegan, who visited Montreal last week.

## OLD CLASSMATES WILL MEET

WERE STUDENTS AT OLD FORT WAYNE COLLEGE.

Members of a Corresponding Circle to Hold Reunion in Fort Wayne on Thursday.

Memories of old college days in Fort Wayne when the Fort Wayne M. E. college was in the palmiest times of its existence will be recalled in a pleasant manner next Thursday when a company of former students of the old college will hold a reunion at the Randall hotel.

The gathering will include members of a corresponding circle, organized formally at the time its members separated to take up work in various walks of life at the close of their college careers. There was no more binding formality than a mutual agreement to keep up through the coming years a correspondence in order that the pleasant association of old days might not be effaced from memory—a sentiment actuated by the friendly interest the students felt in each other's welfare.

It is this company of old friends that will hold a reunion in Fort Wayne Thursday, meeting at the Randall hotel from 11 o'clock to 5, enjoy an elaborate dinner and a visit together. Among those who will be present are Mr. and Mrs. D. A. Walmer and Mr. and Mrs. Jacob Goodyear, of Bluffton; Mr. Clevenger, of Knoxville, Tenn.; Miss Cora Gordon, of Seattle, Wash.; Mrs. Dille, of Waterloo; Attorney William Turner, of Detroit; Dr. and Mrs. J. A. Dickes, of Portland, Ind.; Mrs. Dougherty, of Lagro, and Mrs. M. A. Mason, of this city.

## JULY CORN BREAKS RECORD AT 84 3-4.

Chicago, July 7.—The grip of the Gates crowd on the local supply of contract corn was again made evident today when July corn broke the record of recent years by going to 84¾c. The next sale was at 83¾c. The market opened with corn for this month's delivery wanted all the way from 77c to 79½c. All forenoon bids hesitated below 80c. Later reports of further precipitation in the west frightened shorts and the price shot up by leaps and bounds. Little corn was sold, however, even at this advance. The close was at 84c, 7c higher than the previous close (Thursday).

## SOLDIERS WERE DELIGHTED

WITH THEIR RECEPTION IN FORT WAYNE.

Sergeant W. B. Carson Speaks for the Members of the Ninth Infantry, Now at Sackett's Harbor.

The rousing reception given the famous fighters of the Ninth United States infantry during their brief stop in Fort Wayne a few days ago was highly gratifying to the veterans home again from long foreign service, and Corporal W. B. Carson, a Fort Wayne boy with company G, has written expressing the appreciation of himself and his comrades. The letter is addressed to his father, J. K. Carson, and is in part as follows:

"We arrived in Sackett's Harbor Thursday afternoon at 4:30 o'clock, after a very pleasant trip across God's country, but you can bet the boys are glad to get to their home station. No matter how good a time we had, it is tiresome on board a train for so long a time.

"I wish to give thanks through The Sentinel to the people of Fort Wayne on behalf of the Ninth infantry for the way they turned out to greet us.

"We arrived in Buffalo the next day about 1 p. m., and gave a parade, but the people were not expecting us, so we did not have a very good time. Leaving Buffalo at 3:30 we went to Rochester, staying there until 2:30 the following morning. Talk about your good times—we had it there. After the parade the regiment was given a supper and then turned loose, and the city was simply turned over to us. It was the same way in Syracuse, where we arrived the next morning. They are preparing a big blow out for us in Watertown, about ten miles from the post, next Wednesday.

"If I have had my picture taken once in the last three days, I have had it taken five hundred times. This is because our company was color company, I was left guide, and the colors were on my left. Those old flags—I wish you could see them. They are now little more than rags, but they belong to the Fighting Ninth infantry, and are respected accordingly.

"I will be home sometime this month, whether I re-enlist or not. I will not decide what to do until I get your advice. Don't forget to express my thanks, and also those of the boys for the good time they gave us in Fort Wayne. Give Mr. Wood my regards, and tell him I would like the pleasure of a talk with him. I was so embarrassed at the station I could not talk to anyone."

### WILL PROBABLY DIE.

The condition of John Loetke, who was struck by a Driving park car near the I. S. F. M. Y., as stated in Saturday's Sentinel, is very critical, and there is little hope for his recovery. Loetke sustained a compound fracture of the skull above the right eye and a fragment of bone is pressing against the brain. His right leg was fractured above the knee. An operation, the physicians say, is the only thing that will save Loetke's life, but the family is not willing that the operation be performed. Loetke is sixty-five years old, and is janitor of the St. Joe Athletic club.

## JOHN PETER IN HOC AGAIN

THIS TIME HE HAD ONLY ONE JAG TO ACCOUNT FOR.

With One Other Offender He Goes to the Bastile—News of Police Court and Police.

Judge Dreibelbiss had a pretty fair audience at police court this morning, but it was not nearly what it should have been, considering that the Fourth of July was pretty busy and hadn't yet a very big start in running. John Peter, the butcher, whose last appearance was after he tried to put the Assyrian colony, on Spy Run avenue, out of business with a cheese knife last winter, was the first to answer the roll call. He admitted to having been drunk, but thought that inasmuch as it was so soon after independence day, some allowance should be made. The judge said the allowance should be about 11 days and Mr. Peter went over. On a previous occasion John Dougall appeared as Peter's attorney and succeeded in having the glorious bird of victory perch on his banner. This morning he disregarded the appealing glances of his erstwhile client and busied himself in studying the crop statistics from New Zealand until after sentence was pronounced.

Ed Rabel, who was Peter's partner in the jamboree, entered a like plea, but offered no mitigating circumstances. He plead guilty and let it go at that and he caught the same kind of a package when the judge got ready to make the distribution.

William Schmidt was an early Sunday morning drunk and at the station he explained that it was a hold-over from Saturday. He said that if allowed to shake himself real hard he thought he could stir up the old jag so that it would be as good as new and could give an exhibition of a man getting drunk without touching a drop. He was locked up and later a friend put up a cash deposit for his appearance. Schmidt was released and failing to appear this morning his deposit was depleted to the extent of $11.

Homar Freeman, who lives somewhere near Coesse, was arrested for train climbing. Homer seems to be an irresponsible sort of a fellow and his case was continued indefinitely. Some months ago he was arrested and had in his possession then a can containing a lot of stones and small pebbles which he said were charms and that each represented something great, just exactly what, he could not say. He proved understanding enough this morning to accept a proposition to get out of town within an hour, with marked avidity.

Curtis Wood and Boyd Foulks, from Zanesville and Sheldon, respectively, were picked up yesterday on suspicion of being runaways. They are boys of about 12 or 14, and when asked to plead to a charge of vagrancy said they were not guilty. It was learned, however, where they were from and the judge sent them over for sixteen days each. Meanwhile Superintendent Gorsline has written to the postmasters at Sheldon and Zanesville, asking them to inform the boys' parents where they are.

### POLICE NOTES.

John Affolden and wife, living on Duck alley, had a misunderstanding which resulted in the absorption of great quantities of beer and much noise. Officer Phipps was sent for, but when he arrived upon the scene of turmoil there was no turmoil left and nothing but sublime peace was in sight. He warned the amiable couple that a repetition of the disturbance would lead to arrests.

The patrol wagon was called to the Pennsylvania baggage room at 7:30 on Saturday night to remove W. N. Harris to his home at 109 Baltes avenue. He had been overcome by the heat.

Double, the proprietor of a Pearl street feed yard, complains of boys who persist in breaking the windows on his premises and otherwise annoying him.

Officer Cheviron last evening found a small bay horse on West Berry street. He stabled the animal at Horstman's barn.

The annual complaints about the excessive industry of weeds on vacant lots in the east end are beginning to pour into the police department In Indianapolis and other cities obnoxious weeds on vacant lots are cut by the city and the expense charged against the lot, the same as any other improvement charges

Gottlieb Hartman, the baker, living at the corner of Broadway and Creighton avenue, is reported missing since last Monday. Mr. Hartman occasionally absents himself from home for a day or two, but has never before stretched his unannounced excursions into a week.

An attempt was made last evening to burglarize the old Woods mansion, at the corner of Wells and Superior streets. The men scaled one of the numerous porches with which the building is vaccinated and had partly raised a window to a room occupied by two young ladies. The ladies were awakened and shot off a fusilade of screams which so frightened the burglars that it is supposed that they are running yet. The ladies could give no description of the intruders further that that they wore men's clothes.

All the saloons in the city were tightly closed last night at 7 o'clock, pursuant to a peremptory order from Mayor Berghoff. The mayor indicated that he would tolerate no infringement of the Sunday night closing order and notice being duly given, everything in the thirst emporium line was hermetically sealed at that hour and no attempted violations were reported.

### G. F. TRIER IS HONORED.

George F. Trier, of Fort Wayne, has been chosen as the Indiana member of the executive committee of the National Association of Independent Telephone companies of Philadelphia, which held its recent meeting in Philadelphia. Mr. Trier was formerly general manager of the National Telephone and Telegraph company, and is at present directing the work of the Gas Belt Construction company in the construction of the new telephone system at Muncie. He has been prominent in independent telephone matters in this section of Indiana for several years.

DISADVANTAGES IN BOTH

SECRETARY MOODY ACTS ON THE NEW LAW.

Washington, July 7.—Secretary Moody today, after consultation with his bureau chiefs, gave orders that one of the battleships authorized at the last session of congress be constructed at the New York navy yard

The secretary was under strong pressure in this matter. Beside New York, Norfolk and Boston were strong competitors for the work. The secretary was finally influenced in his decision by these facts: That no less than two years' time would be required to bring the plant at the Boston yard up to a point where it could undertake the work of building a battleship; also that the $175,000 authorized by congress to be expended in making ready for the construction of the ship would be insufficient at Boston.

At Norfolk, which made a better showing than Boston in figures, principally owing to the fact that labor is cheaper and the work could go on in the open air all the year around, it was discovered that the freight charges on the raw material from the iron mills to the navy yard were about 10 per cent. more than in the case of the New York yard, and in a ship weighing between 10,000 and 15,000 tons, this increased cost would be considerable. Also in the case of Norfolk, it was feared that the demands for labor at the navy yard would have to be met from the private shipbuilding works in Virginia and the result would be to seriously retard the progress of work at those yards upon government ships. These considerations were believed by Secretary Moody to warrant the placing of the work at New York. It is the intention to start the working out of the detail plans immediately, and in the course of about eight months the keel plates will be laid at the New York yard for the new battleship.

## GARBAGE BOXES ARE NEEDED

HEALTH COMMISSIONER HAS A WORD TO SAY.

In Tour of City He Found That Few Persons Were Using Boxes—City Hall Notes.

The city health department has just received a set of samples of a sanitary garbage can, which Commissioner Macbeth says is the most practical thing he has yet seen. It is much superior in any way to a box in every way. Speaking of garbage, Commissioner Macbeth says that he took an hour's walk through alleys in the city on the Fourth of July and did not see a solitary sanitary garbage box and only two or three receptacles of any kind. "If there would be any way to prove it," said the doctor, "I would wager every dollar I've got that not 25 per cent. of the garbage in the city ever gets near the crematory. This is not the fault of the garbage collectors, but the citizens. Garbage in an open box is almost as menacing as though thrown into a promiscuous pile in a corner, the principal advantage being only in that when the box is full of garbage and trash it is taken away, while a concealed pile in a yard goes on accumulating forever. I think more stringent laws are necessary to regulate the garbage question. Compulsory sanitation is always unpopular, but it saves many lives in the course of a year."

A new case of scarlet fever has been reported at No. 504 West Wayne street.

The board of works will meet in regular session this afternoon, when the assessment roll for the Fletcher avenue improvement will be approved. No other business of importance is likely to be presented.

A machinist from the Holly Manufacturing company's works arrived in the city last Saturday to set up the big new pump at Station No. 2. Now, if the Holly company will kindly send along the pump, maybe their representative here will be able to earn his salary. The gentleman brought with him some bills of lading, which make good reading, but are not worth much as a water supply. Meanwhile the Holly company's forfeit of $25 per day goes merrily along and it is not likely that a bunch of bills of lading will go far toward gold-bricking the trustees out of that $25 per. The contract calls for machinery and not for specimens of handwriting.

### PRESIDENT PLAYS TENNIS.

Oyster Bay, July 7.—President Roosevelt did not come into town today, but spent most of the time in playing tennis with his children. This afternoon Mrs. Roosevelt will give a tea to about forty of her neighbors, at which the president will be present, and tonight there will be a display of fireworks at Sagamore house and an informal reception. Secretaries Cortelyou and Loeb drove to the Oyster Bay bank shortly before noon and immediately began the work of preparing the temporary executive office. Up to the present time no callers have put in an appearance, which indicates that the president's wish that he be relieved from unnecessary interviews is being respected.

## ANY RELIEF LINE

The Maennerchor of Berne, Ind., sang in several Fort Wayne churches yesterday and large audiences were present at every church where they appeared. They sang at St John's church in the morning, at Plymouth church in the afternoon and at Berry street M. E. church in the evening. The singing at St. John's church was in German, but at the other churches they rendered two sacred cantatas in English, "The Fall of Gaza" and "The Martyrs of the Arena." At the Congregational church, besides the cantatas, they sang "Abide With Me" and "Jesus, Lover of My Soul." The members of the choir sixteen in number, belong to the Mennonite church in Berne, and although they have been singing together less than a year their work is very fine. The men do not sing for musical effect altogether—their songs are sung with a depth of feeling that characterizes worship of God. While in the city the singers were the guests of Joel Welty. The choir is under the direction of Eli Lugm and the accompanist is Miss Rosa Lehman, of Berne.

His gift is for the establishment of a dormitory system for the Scientific school and includes an extensive and valuable tract of land in the square bounded by Wall, Temple, College and Grove streets, and also a dormitory building to be erected. Real estate men estimate the money value of the donation at fully half a million dollars.

### COURT IS IN BAD CONDITION.

The tennis court maintained by the city in Swinney park is in very bad condition and apparently nothing has been done this season to put it in shape for playing. ### FLIGHT WAS A GOOD ONE.

Members of the Fort Wayne Homing club are pleased at the showing made by local birds in a 600-mile flight from Fayetteville, Ark., to this city a few days ago. Twenty-nine birds were liberated on Tuesday and nearly all finished inside the record time of three days. The first bird to arrive was from the loft of Henry Beach at 4:18 Thursday afternoon, closely followed by another at the Carl Schilling loft at 4:19, and as Dr. Schilling's loft is one mile greater distance it gives the latter bird first place. Fred Fischer timed one at 6 p. m., and by evening six birds had arrived. Considering that the birds were in basket twelve days on account of bad weather, the flight is considered a good exhibition.

### PRESSED HARD.

Coffee's Weight on Old Age.

When prominent men realize the injurious effects of coffee and the change in health that Postum can bring, they are glad to lend their testimony for the benefit of others.

Mr. C. C. Wright, superintendent of public schools in North Carolina, says: "My mother, since her early childhood, was an inveterate coffee drinker and had been troubled with her heart for a number of years and complained of that 'weak all over' feeling and sick stomach.

Some time ago, I was making an official visit to a distant part of the country and took dinner with one of the merchants of the place. I noticed a somewhat peculiar flavor of the coffee, and asked him concerning it. He replied that it was Postum Food Coffee. I was so pleased with it, that after the meal was over, I bought a package to carry home with me, and had wife prepare some for the next meal; the whole family were so well pleased with it, that we discontinued coffee and used Postum entirely.

I had really been at times very anxious concerning my mother's condition, but we noticed that after using Postum for a short time, she felt so much better, than she did prior to its use, and had little trouble with her heart and no sick stomach; that the headaches were not so frequent, and her general condition much improved. This continued until she was as well and hearty as the rest of us.

I know Postum has benefitted myself and the other members of the family, but not in so marked a degress as in the case of my mother, as she was a victim of long standing

Senator Platt, of New York, has declared himself for President Roosevelt in 1904. This is important and probably true. Evidently the senator does not intend to signalize his old age by butting his head into the immovable.

The mayor's recent order for the suppression of gambling and the closing of saloons at the hours he has appointed, is said to command a fair degree of obedience. That much being possible, why does not the mayor go the full length of it and compel obedience to the laws of the state, which prescribe that saloons shall close at 11 o'clock at night and remain closed all day Sunday? That is the law and that should be the rule and custom enforced.

### MR. MORSS TO MR. BRYAN.

A few weeks ago the Indianapolis Sentinel administered what it good-naturedly was pleased to term "a severe rebuke" to Mr. Bryan. It was wholly temperate and reasonable criticism of Mr. Bryan's attitude toward recent efforts to restore harmony in the democratic party. The "rebuke" was not at all to the liking of Mr. Bryan, for in the last issue of the Commoner he came back full tilt at Editor Samuel E. Morss, of the Indianapolis Sentinel, whereupon, Mr. Morss reads Mr. Bryan a new lecture with more and sharper points in it.

Almost at the outset of his rejoinder Mr. Morss says:

To begin with, let us say that Mr. Bryan's persistent assumption of a monopoly of Democratic Conscience and Virtue for himself and those who believe with him in the Divine Inspiration of a certain form of words forced upon an unwilling convention at Kansas City in 1900, is as unwarranted as it is offensive.

After some elaboration of the fact that the Indianapolis Sentinel has been teaching and supporting democratic doctrine since a time long before Mr. Bryan was born and advocating bimetallism long before Mr. Bryan knew what it was, Mr. Morss continues:

The Sentinel has always been a bimetallist but never a —— fool. The same may be said of the democratic party of Indiana. It is today more harmonious, more aggressive, and more confident than it has been for ten years. The recent convention—in which, by the way, The Sentinel had no part—was composed overwhelmingly of men who, like the Sentinel, supported Mr. Bryan loyally and enthusiastically in 1896, and with equal loyalty, if somewhat less enthusiasm, in 1900. The platform committee was composed exclusively of men who fought with Bryan in 1900, and not more than one member of it was suspected of even faltering in 1896. The chairman of the committee, who reported the resolutions, was Mr. B. F. Shively, always a pronounced Bryan man and a radical silver man. This committee made a platform which expresses the views of the practically unanimous democracy of the state. It was ratified by the convention with a whoop. It is a thorough-going democratic platform, sound on every question, vigorously anti-monopolistic, and its crowning virtue is that it is free from the fatuous bourbonism which would tie the party to a corpse, which, however lovely in life, is too beautiful in death to be disturbed. There may be for the deceased, in the future, a glorious resurrection. Should events recall it to life the Sentinel will, as always, do its duty. Meanwhile the Cast-Iron Logic of the Situation dictates Decent and Speedy Burial. Decomposition is already setting in.

Mr. Morss then admonishes Mr. Bryan that his course is not good politics, is not statesmanship, is not common sense, and in conclusion has this to say:

Meantime, in all sincerity, and in all kindness, and in a spirit of true democratic brotherly love, we urge Mr. Bryan to stop throwing cold water on the democratic cause in Indiana. The democrats of this state are entitled to, and should receive, Mr. Bryan's cordial, unequivocal and ungrudging sympathy and support in the contest they are waging for good government and against organized rapacity. They are fighting for principles to which he has always professed attachment, under the leadership of men who, even if some of them are engaged in profitable pursuits, are none the less entitled to respect and confidence. It is "up to Mr. Bryan" to fight with us or against us.

Mr. Bryan likewise will conceive that it is "up to him" to say what else he thinks of the editor of the Indianapolis Sentinel and the other gentlemen who were in the shop when the last platform of the Indiana democracy was framed.

### OUTDOOR LIFE IN WISCONSIN.

Dr. Bulson has returned from a week's hunting and fishing trip to northern Wisconsin, "thirty miles on the other side of nowhere," as the doctor puts it. He was one of a party of ten, all members of the medical profession and most of them eye specialists from Milwaukee and other Wisconsin cities. The doctor devoted most of his time to fishing, his first hunting experience being rather discouraging. He saw a fine bird on a tree back of the camp and quietly sneaking into camp and back again with a gun, he gave himself a violent surprise by bringing it down on the first shot. He marched back to the tent with it, nearly exploding with triumph and holding it up proudly, declared it was the finest specimen of owl he had ever killed. "Owl, nuthin'" said the guide, "thet's a young muskeeter," and so it was. Mosquitos up there are bigger than bats when they are hatched. Of fish, however, the party got plenty and all fine and large at that. The Sentinel is afraid to say just exactly how big the smallest one was that the doctor caught for fear of being accused of misquoting. One of the most enjoyable incidents of the trip was the ride from the station to the camping grounds. There was no road after the first seven miles and the wagons just bumped along through the woods, hopping over stumps and logs and trees and frequently jumping ravines or gullies from thirty feet to three quarters of a mile across. The excursionists wore snow shoes, which they nailed to the floor of the wagon-bed and then strapped themselves fast to the sideposts. In some of the exciting flights, the doctor thinks the wheels did not touch only about once in fifteen minutes. He liked the trip so well that he is going back next year to spend three weeks. Before going he proposes to hire a traction engine to run over him several times a day for a week so as to accustom him to the trip from the life saving station to the camping ground.

### WENT TO SLEEP ON THE TRACK.

Onedia, N. Y., July 7.—George Moorman, of Syracuse, was instantly killed on the New York Central here early today and Norman Hill, of Titusville, Pa., was probably fatally injured. They dropped off an east-bound freight in the western part of the city and went to sleep on a pile of ties. When it began raining Moorman suggested crawling under a box car standing on a siding and they went to sleep there. Shortly before 3 o'clock an east-bound freight threw some cars into the switch which ran over Moorman and Hill.

Moorman was about 35 years old and carried a cobblers' kit of repair tools.

### BOER LEADERS COMING.

New York, July 7.—The Daily Mail's Pietermaritzburg correspondent wires, according to a World special from London:

"Louis Botha, in the course of conversation, said that after their visit to Europe, he, DeWet and Delarey intended going to America, but their precise tour would have to be determined by circumstances. Their object was to collect funds for the relief of Boers ruined in the war. Botha is arranging for an official history of the war from the Boer side, written by himself, DeWet and other leaders."

### CHOLERA IN MANCHURIA.

Berlin, July 7.—It is announced here in a dispatch from Port Arthur that cholera is spreading in Manchuria and that the mortality rate is very great. Out of 396 cases at Inkau 334 were fatal.

## BIG FLOODS IN NEW YORK

### CLOUDBURST CAUSES GREAT DAMAGE.

Overflow at Belfast Worst Since Year of Johnstown Flood—Railways Blocked.

Buffalo, N. Y., July 7.—A message received here last evening from Belfast, below Portageville, on the Rochester branch of the Pennsylvania, says the flood there equaled the deluge in the year of the Johnstown flood. Loss of life at Belfast had been reported, but the message made no mention of any casualties.

At the offices of the Erie railroad the following statement was given to the Associated Press:

"On our main line between Buffalo and Hornellsville, our eastbound track was slightly damaged between Dale and Warsaw and our westbound track between Swains and Canaseraga. We are getting our trains through at these points by using a single track. We expect to have both tracks open for traffic this afternoon."

At the office of the Pennsylvania railroad it was stated that all of their lines were open except the Rochester division, Hinsdale to Rochester.

### ALL TRAINS ABANDONED.

Olean, N. Y., July 7.—A heavy rain and cloudburst did much damage throughout Allegheny county yesterday morning. Many washouts along the Rochester division of the Western New York and Pennsylvania railroad occurred and all trains were abandoned. On the Erie railroad washouts occurred at several points between Salamanca and Hornellsville and at Scio a bridge was carried away. Much stock was killed by lightning.

Paul Fahrer, 10 years old, was drowned in the Allegheny river here. While swimming he was overpowered in an eddy that had been created by a sudden rise in the river.

### CROPS DESTROYED.

Utica, N. Y., July 7.—The Mohawk river has risen above its banks from Rome eastward and water now covers thousands of acres of heavy grass ready to harvest and all the bottom lands devoted to mixed farming. In some places in the Mohawk valley farmers have lost nearly all the crops of this year from high water.

### AGUINALDO TO VISIT US.

New York, July 7.—According to announcement made here, says a Boston dispatch to the World, Aguinaldo is coming to the United States and his departure from Manila for San Francisco is expected, it is said, at any time. He will come direct to Boston to join his former secretary, Sixto Lopez, and will then start on a tour, delivering a series of lectures on the conditions in the islands and making a plea for the independence of his countrymen.

### FIREMAN BADLY HURT.

New York, July 7.—A fire at 599 Broadway, near Prince street, early today, caused a loss of $100,000. A fireman fell one story with a falling roof and was so badly hurt he had to be taken to a hospital. The fire was in a five-story building and it destroyed the three upper floors. They were occupied by L. Wolf, leather goods, and Oppenheimer & Gunsberg, hats.

# More Harmful Than Alcohol

## Overeating Worst Form of Intemperance.

If your food is undigested, you are underfed, no matter how much you eat. And the underfed man is, to the extent of the underfeeding, crippled for the battle of life. On the other hand, there is such a thing as overeating. The harm done by indigestion caused by overloaded stomachs exceeds that from the increased heart beats caused by the use of alcohol or whiskey.

Eat as much good food as you need but don't overload the stomach. If your stomach is weak it may refuse to digest what you eat. Then you ought to use a good digestant like Kodol Dyspepsia Cure, which digests what you eat without the stomach's aid. This rest and the wholesome tonics contained in Kodol Dyspepsia Cure soon restore health. You don't have to diet. Don't eat too much. That's harmful. But eat enough and of sufficient variety. Kodol Dyspepsia Cure will digest it. It quickly relieves the sensation of fulness and bloating from which some people suffer after meals. It prevents belching and absolutely cures indigestion and other stomach troubles. Equally good for children.

Lemuel James, Marysville, O., says: "I suffered from dyspepsia for thirty years but a few bottles of Kodol Dyspepsia Cure completely cured me and I heartily recommend it to all sufferers from this disease."

## THE MEET ..AS A SUCCESS

### END OF THE YOUNG PEOPLE'S BIBLE CONFERENCE.

The Inaugural Feature of Winona Lake Promises to Become of Future Importance.

Winona Lake, Ind., July 6.—Rev. E. J. Bulgin, the noted evangelist of Chicago, opened the conference for young people inaugurated by Rev. Dr. J. Wilbur Chapman, at Winona Lake, Ind., June 30, and closing today. This meeting opened the regular Winona season, and it is intended to make it an annual feature of Winona, which, in time, will grow to be as great at the National Bible conference, started eight years ago with an attendance of thirty-five Bible students, increasing in attendance each year until in 1901 over 5,000 ministers and Christian workers were attracted to its sessions.

The arrivals showed that all sections of the country were represented at this first meeting. The services were in charge of Dr. Chapman, assisted by Rev. Arthur J. Smith, of New York. During the morning and the evening the meetings were held in the chapel of the Inn. Meetings were also held on the lake when the weather permitted. Most of the afternoons were given over to recreation, when the young people enjoyed the beauties of the park or engaged in the many games for which Winona is noted.

The regular sessions of the conference were suspended for a patriotic observance of the Fourth of July. Hon. A. C. Harris, of Indianapolis, ex-minister to Austria, delivered an eloquent address admirably suited to the occasion.

The speakers during the conference were Rev. Dr. Chapman, Rev. Arthur J. Smith, New York; Rev. Clarence E. Ebermann, field secretary of the United Society Christian Endeavor; Rev. W. A. Sunday, who is spending the summer at Winona Lake; Rev. W. E. Biederwolf, Montpelier, Ind.; S. D. Gordon, Cleveland; Rev. Dr. H. A. Gobin, president of Depauw university. The music, a pleasing feature of the conference, was in charge of Prof. W. S. Weeden, of New York, and Prof. George A. Fisher, of Grand Rapids, Mich.

All matters relating to young people's movements in church, Sunday school and missions were ably discussed by the speakers and young people present. The closing service held on the hillside was a most impressive one, Rev. Arthur J. Smith and Dr. Chapman presiding.

The attendance was good from the beginning to the close, and Dr. Chapman is to be congratulated upon the success of this the first young people's conference of Winona.

### INTRUDER SHOT DEAD.

Connellsville, Pa., July 7.—During the night an unknown man entered the house of Lud Pritts, a mountaineer, living near Rockwood, Pa., and proceeded to the apartments of Pritt's young wife, evidently supposing her to be alone. Her screams aroused her husband, who was in another room, and hastily grasping his Winchester, he shot the intruder dead as he started to run from the house.

### PLATT OUT FOR ROOSEVELT.

New York, July 7.—Senator Thomas C. Platt, on his first Sunday of the season at Manhattan Beach, said some surprising things in a political way. He was asked if New York republicans, in their coming state convention, would follow the example of other states which had indorsed President Roosevelt's administration and declared in favor of his renomination in 1904.

"It is a little premature," Senator Platt replied, "to discuss such a thing now, but I feel safe in saying that the next republican state convention will indorse not only the republican administration, but Roosevelt as well, the same as several states have done."

Reminded of the story from Washington that he would co-operate with Senator Quay in urging President Roosevelt's renomination two years hence, Senator Platt replied:

"If New York and Pennsylvania are for Roosevelt in the next national convention, that will come pretty near settling it. They were for him for vice president in the Philadelphia convention."

"And he was nominated," one of his questioners said, "even though you did have a broken rib at the time."

"Broken ribs," the senator replied with a smile, "do not count when it comes to putting through a political program."

## FOUL PLAY IS SUSPECTED

### BODY OF BOY FOUND IN CANAL AT GOSHEN.

Disappeared the Fourth and There are Evidences That He Was Slain and Robbed.

Goshen, Ind., July 7.—Crushed and bruised about the face and soaked with water the body of Frank Ganger, the sixteen-year-old son of Emanuel Ganger, a prosperous and well-known farmer living near this city, was found floating in the mill race by a crowd of boys who had gone swimming Sunday afternoon. The frightened boys informed the officers of their gruesome find and the body was taken from the water and identified as the remains of young Ganger. The face was badly crushed, apparently from heavy blows by a blunt instrument. The last time Ganger was seen alive was Friday afternoon, when he was with a crowd of young persons celebrating the Fourth of July. He was later seen on the banks of the canal in company with a young woman who has since been missing. Young Ganger's parents believe he was murdered and the body thrown into the creek. When the body was examined no money or jewelry was found and his parents and friends say that he had a considerable sum of money and some valuable jewelry when he came to the city last Friday. He rode a new bicycle and with Ganger's disappearance the wheel has been missing. On the trousers on the dead body were bicycle guards, but nothing of his wheel can be found. Ganger was employed at Sturgis, Mich., and came to the home of his parents to celebrate the Fourth of July. He was a young man of good habits and his mysterious death puzzles the officers. The police and coroner are investigating the case. They are convinced the young man met with foul play and several suspects are under surveillance. It is believed arrests will be made in the case in the morning.

### FAMOUS ACTRESS IS DEAD.

New York, July 7.—Ada Gray, aged 52 years, the noted actress who made the play "East Lynne" famous in every corner of this country and in England, died yesterday at her home in Brooklyn, N. Y., after a long illness. Ada Gray was born in Boston, Mass., and was not 11 years old when she saw her first play. Her father, a journeyman mason, had died a few years before and left his family in poor circumstances, so at the age of 14 little Ada found a chance to earn a small sum of money each night at the Boston museum and gladly acepted it. The play in which she made her first appearance was "The Hunchback." At 16 she was playing principal characters. She went to Ben Debar's theater, St. Louis, as leading actress and next to Louisville. It was in 1885 that Ada Gray began to make "East Lynne" the principal play of her repertory and in ten years she appeared in it nearly 2,000 times.

### TEACHERS IN SESSION.

Minneapolis, Minn., July 7.—Bright skies and balmy breezes greeted the teachers and educators who arrived here today to attend the sessions of the National Educational association. All incoming trains brought large delegations. The local committees had their arrangements so carefully organized that there was no confusion and the assignment of quarters went rapidly on. The meetings of the day were those of the national council and of the Indian educational section. The council is the inner circle of the association and election to it is esteemed a high honor. Its memberships are limited and run for life. The session was held in the Unitarian church.

### SCHNITKER WILL LIVE.

The condition of J. B. Schnitker, of Rome City, who was so badly burned in an explosion of gas in Gilbert's lodging house Saturday morning, is much improved, and his attending physician, Dr. M. W. Tinkham, thinks he will recover. Schnitker's condition was very serious on Saturday, but on Sunday an improvement was noticed and the patient is gaining slowly.

Miss Margaret Heustis is visiting in Toledo.

## AGUINALDO LIVES IN FEAR

### ASKS GENERAL CHAFFEE TO GIVE HIM PROTECTION.

It is Thought He is Afraid of the Friends of Luna Whom He Had Caused to Be Slain.

Manila, July 7.—As a result of the proclamation of amnesty July 4, the guard of American soldiers has been withdrawn from the house where Aguinaldo lived in Manila, and Lieutenant Johnson, Aguinaldo's custodian, brought the Filipino today to see General Chaffee. It was the first meeting between the American general and the leader of the Filipino revolution. Lieutenant William E. McKinley, of the Ninth cavalry, acted as interpreter.

Aguinaldo was told that he was free to go anywhere he pleased, and General Chaffee asked him if he had any complaint to make of American discourtesy or harshness. Aguinaldo replied that he had no such complaint to make. He told General Chaffee that he was going to visit friends at his home in Cavite Viejo, in Cavite province, and inquired what protection the American authorities would afford him. He seemed to be afraid to venture out. General Chaffee replied that Aguinaldo would get the same protection as any other citizen.

The former Filipino leader then asked General Chaffee to prevent the courts from requiring him to testify in civil suits. General Chaffee replied that he had no authority to grant this request, and advised Aguinaldo to make a social call on acting Civil Governor Wright. This Aguinaldo said he would do, but that he would go at night, as he was timid about appearing on the streets in daylight.

The release of the former Filipino leader has renewed speculation as to possible vengeance upon him by friends of Luna and his other enemies. Luna was a Filipino leader whom Aguinaldo caused to be killed in 1899.

### LOOKING FOR TROUBLE.

Manila, July 7.—The sultan of Bacolod, Mindanao, has sent an insultingly worded letter to the commander of the American expedition to Lake Lanao, in Mindanao, in which he threatens to begin offensive operations in August. The sultan is at present strengthening his position.

### CONFIRMS ANDREE'S DEATH.

Winnipeg, Man., July 7.—According to a report brought here by Rev. Richard Farier, Professor Andree, the artic explorer, and his companions, Strindberg and Frakel, were killed and mutilated by Eskimos. Mr. Fraier is an Anglican minister in charge of Fort Churchill, the northernmost post of the Hudson Bay company. He corroborates in every detail the report of Andree's death made two years ago by Rev. A. D. Alston. Relics of the exploring party were brought to Fort Churchill the first week in May, Mr. Farier says, by a party of Eskimos. Prior to that time, however, an intelligent Eskimo who had been detailed for the purpose had corroborated the story of death first brought in by Dr. Alston, which was in substance as follows: At a point between 200 and 300 miles north of Fort Churchill Andree and his companions left their balloon and went hunting. The reports of their rifles were mistaken by a band of Eskimos as a hostile signal and arrows were discharged at the explorers, who fired back with their guns. The result of the battle was the death of the three explorers and the injury of two or three of the Eskimos. The latter hacked the bodies of the white men to pieces.

A state organization was effected by the election of William Hamilton as chairman, James O'Neal, of Terre Haute, as secretary; S. M. Reynolds, of Terre Haute, as treasurer. John Ray, of Indianapolis, is state organizer, and the state headquarters will be at Terre Haute.

## BASE BALL

In three more days the base ball season will be half over in the National league and the week will practically close the first half with all the leagues, although not all clubs will have played half the number of games. There has been some change in the ranking of the clubs, but the leaders in the three principal leagues remain about the same, with the exception of the American association, where Columbus has dropped from a sure winner to the tail end of the first division. In the American league Detroit started out with a splurge, but it was only a question of time when Chicago would catch her and pass her and in the National league there never was a time when any club had any show of getting anything better than second place against Pittsburg. The latter club lost Saturday and yesterday, being the first time this season that she lost two games in succession. Other games in the National league yesterday were unexciting and the aggregate attendance at three cities was 12,600, St. Louis leading with 6,500. Only two games were played in the American league, they being at St. Louis and Chicago, where they came in competition with the National league. The total attendance was 15,000, there being 7,500 in each city. At St. Louis two old Fort Wayne pitchers opposed each other, Powell and Mullin, and only four hits were made off Powell, Mullin being touched up for twelve. In the American asosciation five games were played in four cities before 17,333 persons. The results are given below:

### SHAMROCKS DEFEAT TIFFIN.

The Shamrocks defeated Tiffin Sunday afternoon, in one of the best games ever seen in that city. Robbins' work was the feature of the game and he was ably supported in his work by the other members of the team. Twice Tiffin had three men on bases with but one out, but Robbins pitched himself out of the hole in beautiful style. The score was 5 to 0. Batteries—Robbins and Tieman; Mahon and Snook.

### BLUES WIN AT ARGOS.

The Blues easily defeated Argos in a fast game in that town Sunday afternoon by a score of 7 to 1. Walda started in to pitch for the Blues, but he was not in good condition on account of his recent illness, and was relieved in the fifth by Smith. The Blues got eleven hits off Cannon. Batteries—Walda, Smith and Longfield; Cannon and Kirke. About 200 South Whitley fans went to Argos and by enthusiastic rooting helped the Blues to win.

### SLAYS HIS NEGRO FARM HAND.

Americus, Ga., July 7.—A farmer named Gwynes, residing on the Stappey plantation near Americus, killed a negro farm hand, dangerously wounded a negro woman and was himself shot twice as the result of an altercation with the negro. ## THE MARKETS.

Chicago, July 7.—Feeling in the wheat pit about the weather was mixed, for the fair weather of Thursday, Friday and Saturday was to a considerable degree offset by reports of further rains yesterday. September opened ⅛c higher to a shade lower at 73⅜@73½c to 73¼c and declined to 72⅞c on free selling chiefly for the St. Louis account. A recovery to 73¼c followed on local buying. Local receipts for three days were 98 cars, 9 of contract grade. Minneapolis (four days) and Duluth (three days) reported 958 cars, making a total for the three points of 1,056 cars. World's shipments were 6,560,000 bushels.

September was sold to 72½c later, but reports of more rains in the west caused covering of shorts under which the market rallied to 74c and closed strong, ½@⅝c over Thursday, at 73⅞c.

Corn opened weak, partly on the weather account and partly on the high Iowa crop report which makes the condition 92. September opened ¼c to ⅜c lower at 61⅝c to 61. This concession tempted buying and a recovery to 61⅜@61¼c ensued. Receipts were 335 cars for three days. There was little doing in July, which opened at 77c to 79½c.

September closed firm on the weather, ⅜c up at 62¼c. July was not handled heavily, but the price ran up to 84¾c during the afternoon.

Opening trades in September oats covered a range from 33⅞c to 33¼c, excited shorts being the cause of the high figure. The market soon steadied at 33½c. The weather was the factor. Receipts were 386 cars.

Provisions opened firm in sympathy with hogs, buying being largely for the packing account. September pork opened 12½c to 20c higher at $18.80 to $18.87½ and sold to $18.67½; September lard opened 5c to 15c up at $10.80@10.90, and September ribs 7½@12½c improved at $10.80@10.85.

### THE DAY ON WALL STREET.

New York, July 7.—Many of the prominent international stocks ignored the heaviness of the London market, but in other cases there were declines in sympathy with London. The soft coal carriers and the grangers were notably firm, Rock Island rising 1¼ and Chesapeake and Ohio and Illinois Central ¾ each. The market was quite active and dealings were well distributed.

Leading stocks moved alternatively up and down in the first thirty minutes during which the downward tendency became well defined for Sugar, some of the hard coal stocks and St. Paul. Meanwhile a few of the southwesterns, Amalgamated and Hocking Valley were rising, the last named gaining 2¾. St. Louis Southwestern preferred, Louisville, Hocking Valley preferred, Illinois Central and American Ice rose a point or over and Minneapolis, St. Paul and Sault Ste Marie preferred 2, while Sugar lost 1. Rock Island was bid up later to 180 causing a good rally in St. Paul and a gain of 1¼ in Northwestern, but the general market continued very unsettled. Sudden spurts in special stocks were poorly held.

Trading became more active and the tone in general was better, but there were some important stocks which hung back, notably Sugar. Rock Island was advanced 5½ to 182½ and Des Moines and Fort Dodge jumped 3¾. St. Paul, Louisville, New York Central, Pennsylvania, Illinois Central and Canadian Pacific advanced from 1 to 2¼ over last week's close. Colorado Fuel rose 1¼. Before midday the market quieted down when the southern and southwestern stocks reacted on realizing.

Southern Pacific hardened a fraction, Chicago and Eastern Illinois gained 2 and Tennessee Coal about a point, but the active stocks generally were lower. Rock Island reacted 2½ and Des Moines and Fort Dodge 1¼. New Jersey Central sold 9½ points lower than the preceding sale and Canada Southern 2½. New York Airbrake rose 2½, Nashville, Chattanooga and St. Louis 1⅞, St. Joseph and Grand Island second preferred 1½ and Grass Twine and Twin City Rapid Transit a point each.

Prices sagged slowly all through the list on small offerings. Rock Island sold 3 points below the best and Consolidated Gas, Colorado Fuel, Illinois Central, Louisville, St. Louis Southwestern preferred and Hocking Valley stocks 1 to 1½. Prices recovered somewhat when Sugar rallied to a fraction over last night.

There was no distinct tone during the final hour and prices drifted quite aimlessly and narrowly. Atchison got ⅞ over last week, Missouri Pacific about as much and Cleveland, C., C. & St. Louis 1½, Canada Southern and New Jersey Central rallied 1½ each. Northwestern reacted 1½, Detroit Gas lost 1⅝ and Pacific Mail a point. The closing was dull and heavy.

Bonds were firm.

## FIERCE FIGHT WITH SHARK

### HARRY SPEERMAN'S BATTLE AT ATLANTIC CITY.

Man Said to be From Fort Wayne is in Mix-Up With Man Eater and is Badly Bitten.

(Special to The Sentinel.)

Atlantic City, N. J., July 6.—While bathing yesterday a quarter of a mile from shore Harry M. Speerman, of Fort Wayne, Ind., saw floating near him a dark object, which he supposed was the body of a man.

He swam to where it was, dived after the object, but the supposed dead man turned out to be a most lively eight foot man-eating shark.

When he dived after it, Speerman grabbed the fish by the tail. Like a flash the shark made a rush for Speerman, who, by this time, was thoroughly scared and called loudly to some people on the pier for help.

When the shark rushed the second time it missed one of Speerman's legs by an ace. Again it came after him, this time its large fin cutting the water like a knife.

Life Guards Calhoun and O'Neill put out in their life boat to Speerman's rescue. Before they could reach him the shark was fast getting in a few knockout blows.

It continued its series of attacks and finally caught Speerman's left arm between its massive jaws. Its long pointed teeth went deep into the flesh, nearly severing the arm.

Speerman was weak from the fight and wound and very nearly fainted. The shark came at him again, but it was the last rush.

The fish made for Guard Calhoun, who had pulled along side of Speerman, who harpooned the fish with his boathook. Speerman was pulled into the boat.

The fish came to the surface and was also taken ashore.

Speerman intends to have it stuffed.

Speerman's name is not given in the Fort Wayne city directory and up to a late hour this afternoon The Sentinel was unable to identify him as belonging in Fort Wayne.

## GIRL GOES TO SACRED HEART

### A TENTATIVE DECISION IN KROCK-JENSEN CASE.

Child to Remain at Catholic Sisters' School Until Further Orders of the Court—Court News.

Judge Aiken held court for a short while this morning and again temporarily disposed of the Krock vs. Jansen habeas corpus case, declining to render a final decision, but ordering the little girl, Estelle, in dispute, to be placed in the Academy of the Sacred Heart, at the expense of the [illegible] in the main there until further order from the court and may remain there until the matters. In the meantime further investigations will be made to decide which of the two parents, now separated, is the most fit person to be given the legal custody of the little girl. The decision of the judge seemed entirely satisfactory to the attorneys on both sides of the case.

The only other matter disposed of by the court today was in the matter of John L. Baldwin vs. Ruby Baldwin, relating to their divorce case, instituted last Saturday. Mr. Baldwin called upon his wife to get his trunk and his clothes and was refused. The court issued an order to Mrs. Baldwin to deliver his belongings to the husband and the order was served by Deputy Sheriff Reichelderfer this afternoon.

After disposing of this last matter the judge was seen wending his way toward the Lake Shore depot, and rumor has it that he will be seen no more in Fort Wayne for about a week. Meantime, the fish up around Lake George will be having a hard time of it.

Aultman, Miller & Co. have filed suit against William H. Hill for $150, purchase price for a Buckeye binder.

From January to July 1st of this year 501 trusting couples have undertaken to demonstrate that marriage is not a failure, that number of marriage licenses having been issued by County Clerk Belot.

Frank Bercot, of the county clerk's office, left for Chicago this afternoon on business connected with the Central Foundry company, in which he is interested.

The county commissioners were in session today, considering liquor licenses. There were twenty-two applications and no remonstrances. Among the licenses granted was one to Frank Bush, of Zanesville, whose brother, Robert Bush, was remonstrated against at the last session of the commissioners.

John Morris, jr., left for New York on Pennsylvania special at 3:20 this afternoon on a business errand.

The meeting of the state bar association will be held at Indianapolis tomorrow and Wednesday. Among the Fort Wayne attorneys who will attend are Judge Zollars, James M. Barett, S. L. Morris and William P. Breen.

Mrs. Wilkins—I'm glad the doctor says you won't lose the use of your leg, but you are wrong, Willie, when you say I was the cause of the explosion.

Willie Wilkins—Well, if you hadn't come around the corner and caught me smoking, I wouldn't have put the lighted cigarette in my pocket with the firecrackers.

## A NEW CUPOLA TO BE PLACED IN THE FOUNDRY.

## TO HAVE CAPACITY OF 2,500

## WILL GREATLY INCREASE OUTPUT OF THE WORKS.

## NEW NAMES ADDED TO ROLL

## THE ELECTRIC WORKS TAKING ON MORE MEN.

No manufacturing concern in Fort Wayne has increased its capacity to a greater extent within the past few years than the Western Gas Construction company, and additions and improvements are still going forward as rapidly as circumstances will permit. The increased demand for the products of the company has necessitated the recent purchase of another cupola for the new addition to the foundry and within a few days one of about 2,500 tons daily capacity is expected to arrive. Everything is in readiness to place the new cupola in position to begin the work of heating iron for castings. The new building at the works for cleaning castings and the storeage of patterns is about half completed, while the new and large addition to the machine shop is well under way. Both of these buildings have been delayed some time by the non-arrival of building material. The company is still short of patternmakers and Supt. W. G. Kaiser is anxious to secure more skilled workmen for this department.

### HEAT AFFECTS ENGINEMEN.

The extreme heat of the past few days, following so closely the cool weather of the preceding weeks, has caused considerable sickness among the enginemen and the following have been reported at the office of the road foreman of engines of the Pennsylvania as unable to work, with one or two exceptions, on account of sickness: W. P. Slagle, U. G. Rhodes, M. H. Durnell and C. Sweeney, engineers; A. L. Freiburger, C. Rogers, H. D. Fisher, A. C. McMillen, H. F. McGuire, F. R. Reilly, M. C. Wolford, G. Bessert, E. J. Agerter and J. Flaugh, firemen.

### SLIGHT WRECK AT LAOTTO.

A pair of trucks under one of the sleepers composing train No. 5, on the Grand Rapids and Indiana road, jumped the rails near Laotto early this morning and that train was delayed for a short time. The cars did not leave the rails and no damage to rolling stock resulted. The wreck crew from this city was called out and in a short time after reaching the scene had righted the trucks. No. 5 was following No. 1 and had passed the southbound train when the accident happened, and thus no passenger trains were delayed other than the one to which the accident happened.

### LABORERS INJURED.

Two Italian laborers employed in cutting down the grade for the erection of the new round house for the Pennsylvania company, and who had been lodging in a box car near the east yards, were removed to Hope hospital last evening, both suffering from injuries apparently sustained several days ago. Their removal was ordered by Dr. Stemen, who had been called to treat the injured men and found their surroundings not of the condition required for the proper treatment of their injuries. One man was suffering from a partial fracture of an arm and the other had a bad cut on the leg.

### TAKING ON MORE MEN.

The Fort Wayne Electric company continues to add to its force of employes and hardly a day has passed recently that one or more men were not employed there. The following names were added to the pay rolls of the works today: Vernon Jones, japanning department; James V. Lewis, switch board department; Eugene Potter, lamp department; Joseph Schaedel and Harry Templar, meter department. The last named is a son of Chief Clerk Harry Templar, of the works.

### INJURED AT ROME CITY.

Irwin Toy, of the winding department of the Electric works, who has been spending some time at Rome City, suffered a severe cut on the head yesterday at the resort. He was diving from a high spring board and struck his head against a hidden rock.

# CONTRACT READY

### FORT WAYNE AND NORTHERN MAKES ANOTHER MOVE.

### ITS AGREEMENTS ARE FILED

### CONFERENCE WITH THE BOARD THIS AFTERNOON.

### CONTRACT READY TO SUBMIT

### ATTORNEY DOUGHMAN ACTS FOR COMPANY.

Attorney N. D. Doughman, representing the Fort Wayne and Northern Traction company, appeared before the board of public works at its meeting late this afternoon to confer with that body regarding the franchise proposition recently made by General Manager Nelson, of the Southwestern, for a new city street railway in Fort Wayne.

It will be recalled that Mr. Nelson filed a proposition offering to accept the franchise terms recently declined by the old city street railway company. Last week, at the request of the city authorities, Mr. Nelson outlined in brief the streets desired to connect up the lines in various parts of the city. The communications were simply filed, and no further action has been taken.

Mr. Nelson and his associates are anxious that the matter shall be taken up by the city authorities, and the object of the conference this afternoon is for the purpose of ascertaining the next step necessary in order to expedite the consideration of the proposition. To this end Attorney Doughman has drafted a form of contract between the city and the Fort Wayne and Northern company, providing for the use of the streets indicated in the communication a few days ago, and combining all the modifications in the way of terms proposed by the city council to the Fort Wayne Traction company and rejected by that company. This includes the sale of seven tickets for twenty-five cents and a life of thirty-five years for the franchise.

If the board of works desires the Fort Wayne and Northern company to submit a contract, it will be done by Mr. Doughman today.

### RAT RAN UP HIS LEG.

George E. Moore, living on Hugh street near St. Mary's avenue, was the victim of a peculiar accident Saturday night. Mr. Moore was cutting grass in his yard with a scythe when he disturbed a rat, which ran up his right leg beneath his trousers. When the rodent reached a point near his thigh Moore grabbed it in both hands and the animal sunk its teeth in his flesh. Moore summoned Luther Birely and his son Edward, who were working in a field nearby, and they mashed the rat's head between two stones. Mr. Birely then cut the seam of the trousers and tried to pull the animal's body out, but it had taken a firm hold of Moore's leg and its jaws had to be pried apart. The leg soon swelled to twice its natural size and he suffered great pain, but today he is able to be about. Dr. Tinkham cauterized the wound and believes no serious results will follow.

## MAY CALL MILITIA

### SITUATION IN MINE STRIKE SAID TO BE CRITICAL.

### TROUBLE AT WILLIAMSTOWN

### WARRANTS SWORN OUT FOR TEN STRIKERS.

### CHARGED WITH INCITING RIOT

### NINTH WEEK OF STRIKE OPENS WITHOUT INCIDENT.

Harrisburg, Pa., July 7.—Sheriff Reiff swore out warrants today for the arrest of ten strikers at Williamstown, this county, for inciting to riot and interfering with his deputies in protecting non-union men going to and from work in the mines at Lykens and Williamstown.

The sheriff says the situation in the region is critical and that if there is another outbreak like that of last Wednesday, when he and his deputies were assaulted while protecting non-union miners, he will call upon Governor Stone for protection by the militia.

Twenty of the rioters were arrested on Thursday at Williamstown and held in bail for court, but this does not seem to have improved the situation and the sheriff concluded to bring suit here and compel the rioters to come to Harrisburg for a hearing. The sheriff came here this morning to make information against the rioters and returned to the Lykens region at noon to assist his deputies in arresting the strikers, for whom warrants have been issued.

#### NINTH WEEK OPENS QUIET.

Wilkesbarre, Pa., July 7.—The ninth week of the anthracite coal miners' strike opened extremely quiet. Conditions around the collieries remain unchanged.

The strikers of this district, which is composed of all the territory from Forest City, twenty miles north of Scranton, to Shickshinny, sixteen miles south of here, were interested in the annual convention, which opened at Hanticoke today. The meeting in point of numbers is the largest in the history of the district. As far as is known no very important business will come before the convention. President Nicholls is sure of a unanimous re-election, as are also most of the other officers. Vice President Adam Ruscavage and Secretary John Dempsey are being opposed for re-election.

President Mitchell's sudden departure for New York yesterday continues to excite interest among the miners here. Outside of a statement made by one of his lieutenants last night that the miners' chief went to New York for the purpose of seeing labor leaders, no information can be had here as to the exact purpose of President Mitchell's trip.

#### BALTIMORE STRIKE SPREADS.

Baltimore, Md., July 7.—Two strike orders went into effect today and 1,400 union workmen affiliated with the carpenters and garment workers' union quit work. As a result of the strike of the carpenters work on new buildings has been generally suspended. The carpenters demand $3 a day and nine hours work for every day except Saturday, when the day shall be one hour shorter. The three carpenters' unions in Baltimore are united in the strike.

The number of garment workers on strike is about 600, including operators and pressers. Their grievance is that employers require them to supply their own sewing machines, flat irons and other implements. A few employes have submitted to the demands by signing agreements to furnish machines. Both the striking carpenters and garment workers are confident that all their demands will be acceded to during the present week.

#### STRIKERS RETURN TO WORK.

Providence, R. I., July 7.—Having voted, after a strike of two months' duration, to return to work, the motormen and conductors of the United Traction company here lost no time today in making application for their old places. At the offices of the company the men found less than 150 vacancies for about four or five hundred applications. The railroad officials had announced their intention of re-employing only as many of its old men as were needed without displacing those who had been taken on during the strike. The number required today were taken back and others were placed on the waiting list.

In Pawtucket the strikers have refused to abide by the decision of the Street Railway Employes' union and they will not return at present. The strike began early in May when the United Traction company, being compelled to reduce the hours of its employes under a new labor law, refused to grant the demand of the men for the same pay as was received for the longer day.

#### WILL NOT TALK STRIKE.

New York, July 7.—President Mitchell, of the United Mine Workers, who arrived in the city last night, said today that the purpose of his visit was to see some friends who are to sail for Europe tomorrow.

"Is it your purpose to see certain people with a view of settling the strike or for the purpose of effecting a compromise?" was asked.

"I shall decline to discuss the strike," replied Mr. Mitchell.

## FUGITIVE ARRESTED HERE

### JOHN STOCKER IS WANTED AT DECATUR, ILL.

### Committed Larceny and Was Nabbed on a Wabash Train Here by Detective Coling.

John A. Stocker, of Decatur, Ill., was arrested at the Wabash depot yesterday noon and is being held for the arrival of an officer from that city. He is wanted for larceny.

A telegram from the chief of police of Decatur was received at the police department after 10 o'clock yesterday, but it was an hour and a half later before the telegram reached Detective Coling's hands. He went to the Wabash depot, arriving there just about four minutes before the train from the west pulled in. He watched the passengers alight and then went through the train, but failed to find anyone answering the description. The telegram had informed the local officers that Stocker had bought a ticket at Decatur for Cleveland, but would step off at Fort Wayne. He made a hurried inquiry at the ticket office and learned that a train from Decatur had arrived in the morning and that passengers for Cleveland were obliged to change cars at this point. He went back to the train and presently saw his man climbing on and enter a car. He accosted him, got him tangled in his statements and snaked him off the car just as the train started. The fellow protested vigorously, but later at the station confessed the whole matter. He is a young fellow of about 22 and is a brass polisher by trade. Before leaving Decatur he robbed his roommate of $23 in cash and dress suit case and a lot of underwear and other clothing. He surrendered the cash and other plunder and said that should settle it and he guessed now that he had settled he would resume his pilgrimage. The superintendent said he guessed not. The Decatur officials were notified and information was received that an officer would be here with requisition papers sometime today. Stocker expresses great penitence and says he will go back without papers.

## BIG STRIKE IS ON

### CHICAGO FREIGHT HANDLERS HAVE QUIT WORK.

### ALL RAILROADS AFFECTED

### STRIKING WORKMEN NUMBER OVER 8,000.

### POLICE RESERVES CALLED

### STRIKERS MARCH FROM WORK WITH CHEERS.

Chicago, July 7.—A strike of 9,000 freight handlers in Chicago was called today and every freight house of the twenty-four railroads concerned is practically tied up. Business men fear that the strike will be the most serious which has affected their interests in years.

The strike was called by a committee appointed at a meeting of 1,000 freight handlers held last night. The committee was instructed to call a strike within forty-eight hours unless the railroads should meet the demands of the men at once for an increase in wages, extra pay for overtime and holidays and recognition of the union.

Action on these instructions were taken sooner than had been expected. The committee went first to the men in the Michigan Central, Illinois Central and Wisconsin Central houses on the lake front.

COUNSELED GOOD ORDER.

One thousand men walked out from these warehouses alone. They congregated at the foot of the viaduct and calls for speeches were made. D. F. Ryan, a Michigan Central man, who had left his post as a delivery clerk, mounted a wagon and waving his union card by way of gesture said:

"Be sober, men. Be lawabiding, be good American citizens and the battle is ours." The crowd cheered him vociferously and he continued for some time to talk in a similar strain. Other speakers, all counselling peace, followed.

WALKED OUT WITH CHEERS.

The men walked out with cheers and marched across the viaduct on Randolph street with their union cards tucked in their hats.

By messenger and by telephone, according to the strike leaders, all other members of the interior freight handlers and warehousemen's union was called out. At noon President Curran of the union reported that his men were all out and that it was all but impossible for any freight to enter Chicago, or to leave it. Many of the railroads had small forces of men previously hired, on hand when the strike was called and by adding to it men from other departments managed to handle perishable commodities.

In the hiring of non-union men it is said the railroads run a serious risk of brining about a strike of the teamsters, who recently won their fight from the packers. The teamsters, it is said, will refuse absolutely to have anything to do with freight in any way handled by non-union help.

The men called out include foremen, check, re-check, receiving and delivery clerks, scalers, callers, weighmasters, stevedores, coopers and elevator men.

POLICE RESERVES PLACED.

Chief of Police O'Neill, when notified that a strike had been called, sent orders to his subordinates to make every preparation to preserve peace. Two hundred and fifty men were called in from outlying stations to form a reserve force to be stationed at the downtown stations. From the stations the men went in squads to the different yards. There was no marked demonstrations as they entered, although they had to remain quiet under a running fire of sarcasm and rough language.

W. F. Brown, general manager of the L. S. & M. S. said to the Associated Press of the situation on his road:

"About 80 per cent. of our men went out. The remainder, with additional help we have hired, are handling our business as well as could be expected. Our business is not tied up and will not be."

WILL NOT RECOGNIZE UNION.

J. Harahan, second vice president of the Illinois Central, said that about half of his company's 450 men had struck, but that he "had men close at hand to take their places." Mr. Harahan said he thought the strike could have been avoided if the men had been willing to consult with the roads through their own committees, instead of through their union.

"We have no trouble in adjusting differences with our engineers, firemen and other employes," said Mr. Harahan, "but the freight handlers presented a document through officers of the union and we, of course, could not deal with them through third parties."

In reply to a question, Mr. Harahan said that the railroads were a unit in refusing to deal with the strikers through their union, but all of them were ready at any time to discuss and adjust grievances if presented by their employes.

He did not think there would be much difficulty in supplying men to take the strikers' places.

THE ROADS AFFECTED.

The principal railroad systems affected by the strike are:

The Chicago, Cincinnati and St. Louis; Chicago and Great Western; Baltimore and Ohio; Erie; Atchison, Topeka and Santa Fe; Chicago Terminal Transfer company; Lake Shore and Michigan Southern; Chicago Rock Island and Pacific; Chicago and Alton; the "Monon"; Chicago and Eastern Illinois; Wabash; Grand Trunk; Chicago, Burlington and Quincy; the Pennsylvania; Chicago and Northwestern; Chicago, Milwaukee and St. Paul; Illinois Central; Michigan Central, and the "Nickel Plate." These roads control over 100 warehouses in Chicago.

HAVE TEAMSTERS' SYMPATHY.

Although officials of the teamsters' union have declared that no instructions have been given the teamsters as to backing up the freight handlers, the sympathy of the teamsters was made apparent today. When the men walked out of the Illinois Central warehouse the teamsters who were receiving or unloading freight immediately took their trucks away.

That the railroads are expecting a strenuous struggle was made evident today when the chief detective of an eastern road bought 100 billies, the entire stock of a prominent firm.

Chairman Job, of the state board of arbitration, said today that he would make every possible effort to bring about peace between the men and their employers.

## WIFE MURDERER SUICIDES

### THEO. OELFEUER DRIVEN TO DEATH BY REMORSE.

### Hanged Himself With a Rope Made of Underclothing in His Cell in Chicago Station.

Chicago, July 7.—Theodore Oelfeuer, who yesterday murdered his wife and wounded his baby and a 17-year-old step-daughter, committed suicide in his cell at the police station late last night. His body was discovered this morning hanging from a rope made from his undergarments. Earlier last night the prisoner expressed sorrow over his crime and about midnight was apparently dozing. Oelfeuer's outer clothing had been taken from him. His desperation over his situation is shown by the fact that while standing upright at any time he might have relieved the pressure of the noose. Oelfeuer's wounded baby was still alive today, but probably will not recover.

Taking his revenge for a quarrel of long standing, Oelfeuer shot and killed his wife, Adaline, early yesterday morning, as she lay sleeping in her bed at their home, 27 West Twenty-first street. Then he turned the revolver on his baby son, Walter, and on his step-daughter, 17-year-old Lizzie Stramm, who were sleeping with his wife, wounding the former fatally and putting a bullet in the latter's shoulder. He also fired a shot at his step-sons, John and Ernest Stramm, but hit neither.

Oelfeuer committed the crime with the utmost coolness. He did not even waken his wife to say a word to her before firing the bullet into her heart. When all was over he hid in the attic of the building until Officers Nihill and Bresnahan came to arrest him. He snapped his revolver at them, but the cartridges had all been exploded and he was unable to do further harm.

#### A JAG OF HIGH DEGREE.

Officer Dickson at noon today arrested William Asplin, a fellow Scotchman from the top notch of the highlands. Asplin was drunk and had been asking people for money to send a cablegram to the old country which was supposed to bring him wads of money. He had letters on his person showing that he comes of good family and also showing that he is a Mason in high standing. His game got too strong and he was locked up to think it over. His home is in Glasgow and on his person were letters from wife, daughter and sons.

Miss Lillian Kirkham is spending the week at Rome City.

## INJURIES SEVERE

### RT. HON. JOSEPH CHAMBERLAIN CONFINED TO HOSPITAL.

### MEETS ACCIDENT IN A CAB

### HURLED FORWARD AND HEAD BREAKS A GLASS

### BAD GASH CUT IN FOREHEAD

### COLONIAL SECRETARY LOSES CONSIDERABLE BLOOD.

London, July 7.—The colonial secretary, Joseph Chamberlain, was somewhat severely cut on the head this afternoon as the result of a cab accident in Whitehall. The secretary's hansom was passing through the Canadian arch when the horse slipped and Mr. Chamberlain was precipitated forward with great violence. His head struck and shattered the glass front of the cab. When extricated it was seen that Mr. Chamberlain's head was badly lacerated and bleeding profusely. A policeman helped the secretary into a cab and accompanied him to Charing Cross hospital, where his injuries were dressed.

Though Mr. Chamberlain's wounds bled a great deal, they were not serious.

Nevertheless Mr. Chamberlain was sufficiently injured to necessitate his remaining at the hospital all night. It is officially announced that Mr. Chamberlain is suffering from a scalp wound, which is of a severe, but not dangerous character, rendering advisable his detention for the night.

When picked up Mr. Chamberlain, in reply to a question, said he did not feel faint, but could not afford to lose such a lot of blood. The gash on his forehead required a number of stitches.

Austen Chamberlain, eldest son of the secretary, is with his father, as are also his two secretaries.

Mr. Chamberlain is resting quietly, but the doctors are not sure he can be moved tomorrow.

The conference of the colonial premiers, which was to have been held tomorrow to discuss the question of imperial defence, has been postponed in consequence of the accident to Mr. Chamberlain.

#### FACE BADLY BURNED.

The 7-year-old daughter of Mr. and Mrs. James Ormiston, of Piqua avenue, was badly burned yesterday by the explosion of a firecracker which in some unaccountable manner was not touched off on the Fourth. The child's face was completely filled with burned powder.

#### BIG SYRIAN COLONY.

Twenty-six Syrians arrived in Fort Wayne from Montreal, Can., last evening. They were a portion of the colony held up there by the custom authorities, and their release was secured through the efforts of Attorney H. G. Keegan, who visited Montreal last week.

## OLD CLASSMATES WILL MEET

### WERE STUDENTS AT OLD FORT WAYNE COLLEGE.

### Members of a Corresponding Circle to Hold Reunion in Fort Wayne on Thursday.

Memories of old college days in Fort Wayne when the Fort Wayne M. E. college was in the palmiest times of its existence will be recalled in a pleasant manner next Thursday when a company of former students of the old college will hold a reunion at the Randall hotel.

The gathering will include members of a corresponding circle, organized formally at the time its members separated to take up work in various walks of life at the close of their college careers. There was no more binding formality than a mutual agreement to keep up through the coming years a correspondence in order that the pleasant association of old days might not be effaced from memory—a sentiment actuated by the friendly interest the students felt in each other's welfare.

It is this company of old friends that will hold a reunion in Fort Wayne Thursday, meeting at the Randall hotel from 11 o'clock to 3, enjoy an elaborate dinner and a visit together. Among those who will be present are Mr. and Mrs. D. A. Walmer and Mr. and Mrs. Jacob Goodyear, of Bluffton; Mr. Clevenger, of Knoxville, Tenn.; Miss Cora Gordon, of Seattle, Wash.; Mrs. Dille, of Waterloo; Attorney William Turner, of Detroit; Dr. and Mrs. J. A. Dickes, of Portland, Ind.; Mrs. Dougherty, of Lagro, and Mrs. M. A. Mason, of this city.

## JULY CORN BREAKS RECORD AT 84 3-4.

Chicago, July 7.—The grip of the Gates crowd on the local supply of contract corn was again made evident today when July corn broke the record of recent years by going to 84¾c. The next sale was at 83¾c. The market opened with corn for this month's delivery wanted all the way from 77c to 79½c. All forenoon bids hesitated below 80c. Later reports of further precipitation in the west frightened shorts and the price shot up by leaps and bounds. Little corn was sold, however, even at this advance. The close was at 84c, 7c higher than the previous close (Thursday).

## SOLDIERS WERE DELIGHTED

### WITH THEIR RECEPTION IN FORT WAYNE.

### Sergeant W. B. Carson Speaks for the Members of the Ninth Infantry, Now at Sackett's Harbor.

The rousing reception given the famous fighters of the Ninth United States infantry during their brief stop in Fort Wayne a few days ago was highly gratifying to the veterans home again from long foreign service, and Corporal W. B. Carson, a Fort Wayne boy with company G, has written expressing the appreciation of himself and his comrades. The letter is addressed to his father, J. K. Carson, and is in part as follows:

"We arrived in Sackett's Harbor Thursday afternoon at 4:50 o'clock, after a very pleasant trip across God's country, but you can bet the boys are glad to get to their home station. No matter how good a time we had, it is tiresome on board a train for so long a time.

"I wish to give thanks through The Sentinel to the people of Fort Wayne on behalf of the Ninth infantry for the way they turned out to greet us.

"We arrived in Buffalo the next day about 1 p. m., and gave a parade, but the people were not expecting us, so we did not have a very good time. Leaving Buffalo at 3:30 we went to Rochester, staying there until 2:30 the following morning. Talk about your good times—we had it there. After the parade the regiment was given a supper and then turned loose, and the city was simply turned over to us. It was the same way in Syracuse, where we arrived the next morning. They are preparing a big blow out for us in Watertown, about ten miles from the post, next Wednesday.

"If I have had my picture taken once in the last three days, I have had it taken five hundred times. This is because our company was color company, I was left guide, and the colors were on my left. Those old flags—I wish you could see them. They are now little more than rags, but they belong to the Fighting Ninth infantry, and are respected accordingly.

"I will be home sometime this month, whether I re-enlist or not. I will not decide what to do until I get your advice. Don't forget to express my thanks, and also those of the boys for the good time they gave us in Fort Wayne. Give Mr. Wood my regards, and tell him I would like the pleasure of a talk with him. I was so embarrassed at the station I could not talk to anyone."

#### WILL PROBABLY DIE.

The condition of John Loetke, who was struck by a Driving park car near the I. S. F. M. Y., as stated in Saturday's Sentinel, is very critical, and there is little hope for his recovery. Loetke sustained a compound fracture of the skull above the right eye and a fragment of bone is pressing against the brain. His right leg was fractured above the knee. An operation, the physicians say, is the only thing that will save Loetke's life, but the family is not willing that the operation be performed. Loetke is sixty-five years old, and is janitor of the St. Joe Athletic club.

Miss Mary Brinsmer is spending a few weeks in Chicago.

## INVITE PRESIDENT

### TO ALLEN COUNTY COURT HOUSE DEDICATION.

### COMMITTEE AT INDIANAPOLIS

### MESSRS. GILBERT AND BARRETT TO PRESENT REQUEST.

### BEVERIDGE NOT A CANDIDATE

### JUDGE PENFIELD WILL NOT DISCUSS RECENT CLASH.

(Special to The Sentinel.)

Indianapolis, Ind., July 7.—Definite steps are soon to be taken in the desire to have President Roosevelt as a guest of honor at the dedication of the magnificent Allen county court house in Fort Wayne in September.

Tomorrow Lieutenant Governor Gilbert, in company with Hon. James M. Barrett, of Fort Wayne, will call upon Senator Fairbanks to arrange for the invitation to the president. Mr. Roosevelt, as is already known, has planned a western trip at that time, and the Fort Wayne gentlemen hope to be able to secure his presence in that city at least for a few hours on the day of the dedication. It is understood that the date of the dedication will be fixed at a time agreeable to the president's visit should Mr. Roosevelt be able to arrange his itinerary so as to permit his presence in Fort Wayne on that occasion.

#### WILL NOT BE CANDIDATE.

Indianapolis, Ind., July 7.—(Special.)—Senator Albert J. Beveridge announced in this city today that he would not be a candidate for the republican nomination for vice president in 1904. Some of the senator's admirers have been coupling his name with the vice presidency for some time, but the tone of his statement today indicates clearly that the booming has been wholly unauthorized by Mr. Beveridge.

#### PENFIELD WILL NOT TALK.

Indianapolis, Ind., July 7.—Judge W. L. Penfield, solicitor in the state department, whose home is at Auburn, DeKalb county, is in Indianapolis today, but he absolutely refuses to discuss the Bailey-Beveridge episode. Judge Penfield is arranging to spend his vacation in Europe.

## KING ENJOYS A LONG SLEEP

### HIS MAJESTY SLUMBERS FOR NINE HOURS.

### The Coronation Has Been Fixed for Middle of August—Plans Much the Same.

London, July 7.—At 10 o'clock this morning the following bulletin on King Edward's condition was posted at Buckingham palace:

"The king had nine hours natural sleep and his progress continues to be interrupted. The wound is discharging freely and less painful to dress.

(Signed.) "Treves.
"Lacking.
"Barlow."

King Edward will be crowned between August 11 and August 15. His recovery has been so rapid and satisfactory that the above decision was arrived at today. No official announcement of the fact has yet been made. The pageant through the streets and the ceremony at Westminster Abbey will be much curtailed from the original plan. Their majesties will drive from Buckingham palace to the Abbey through the mall to Whitehall and thence to the Abbey, the same route as taken at the opening of parliament.

In inaugurating the Raphael Nurses' home of Guys hospital this afternoon, the prince of Wales said all would join him in expressing unbounded thankfulness to God for the merciful recovery of his dear father. They had all been cheered and supported during the severe trial by the deep sympathy of the whole empire and they who had watched at the king's bedside realized how much was due to the eminent surgical and medical skill and to the highly trained and patient nursing of the king.

Mrs. Hoffner, who has been visiting her daughter Mrs. R. Parks, of Madison street, returned home to Lima, Ohio, last evening.

Miss Mary Thomas, of Garrett, is visiting Dr. J. R. Miller.

## JOHN PETER IN HOC AGAIN

### THIS TIME HE HAD ONLY ONE JAG TO ACCOUNT FOR.

### With One Other Offender He Goes to the Bastile—News of Police Court and Police.

Judge Dreibelbiss had a pretty fair audience at police court this morning, but it was not nearly what it should have been, considering that the Fourth of July was pretty busy and hadn't yet a very big start in running. John Peter, the butcher, whose last appearance was after he tried to put the Assyrian colony, on Spy Run avenue, out of business with a cheese knife last winter, was the first to answer the roll call. He admitted to having been drunk, but thought that inasmuch as it was so soon after independence day, some allowance should be made. The judge said the allowance should be about 11 days and Mr. Peter went over. On a previous occasion John Dougall appeared as Peter's attorney and succeeded in having the glorious bird of victory perch on his banner. This morning he disregarded the appealing glances of his erstwhile client and busied himself in studying the crop statistics from New Zealand until after sentence was pronounced.

Ed Rabel, who was Peter's partner in the jamboree, entered a like plea, but offered no mitigating circumstances. He plead guilty and let it go at that and he caught the same kind of a package when the judge got ready to make the distribution.

William Schmidt was an early Sunday morning drunk and at the station he explained that it was a hold-over from Saturday. He said that if allowed to shake himself real hard he thought he could stir up the old jag so that it would be as good as new and could give an exhibition of a man getting drunk without touching a drop. He was locked up and later a friend put up a cash deposit for his appearance. Schmidt was released and failing to appear this morning his deposit was depleted to the extent of $11.

Homar Freeman, who lives somewhere near Coesse, was arrested for train climbing. Homer seems to be an irresponsible sort of a fellow and his case was continued indefinitely. Some months ago he was arrested and had in his possession then a can containing a lot of stones and small pebbles which he said were charms and that each represented something great, just exactly what, he could not say. He proved understanding enough this morning to accept a proposition to get out of town within an hour, with marked avidity.

Curtis Wood and Boyd Foulks, from Zanesville and Sheldon, respectively, were picked up yesterday on suspicion of being runaways. They are boys of about 12 or 14, and when asked to plead to a charge of vagrancy said they were not guilty. It was learned, however, where they were from and the judge sent them over for sixteen days each. Meanwhile Superintendent Goraline has written to the postmasters at Sheldon and Zanesville, asking them to inform the boys' parents where they are.

### POLICE NOTES.

John Affolden and wife, living on Duck alley, had a misunderstanding which resulted in the absorption of great quantities of beer and much noise. Officer Phipps was sent for, but when he arrived upon the scene of turmoil there was no turmoil left and nothing but sublime peace was in sight. He warned the amiable couple that a repetition of the disturbance would lead to arrests.

The patrol wagon was called to the Pennsylvania baggage room at 7:30 on Saturday night to remove W. N. Harris to his home at 109 Baltes avenue. He had been overcome by the heat.

Double, the proprietor of a Pearl street feed yard, complains of boys who persist in breaking the windows on his premises and otherwise annoying him.

Officer Cheviron last evening found a small bay horse on West Berry street. He stabled the animal at Hornstman's barn.

The annual complaints about the excessive industry of weeds on vacant lots in the east end are beginning to pour into the police department. In Indianapolis and other cities obnoxious weeds on vacant lots are cut by the city and the expense charged against the lot, the same as any other improvement charges.

Gottlieb Hartman, the baker, living at the corner of Broadway and Creighton avenue, is reported missing since last Monday. Mr. Hartman occasionally absents himself from home for a day or two, but has never before stretched his unannounced excursions into a week.

An attempt was made last evening to burglarize the old Woods mansion, at the corner of Wells and Superior streets. The men scaled one of the numerous porches with which the building is vaccinated and had partly raised a window to a room occupied by two young ladies. The ladies were awakened and shot off a fusilade of screams which so frightened the burglars that it is supposed that they are running yet. The ladies could give no description of the intruders further that that they wore men's clothes.

All the saloons in the city were tightly closed last night at 7 o'clock, pursuant to a peremptory order from Mayor Berghoff. The mayor indicated that he would tolerate no infringement of the Sunday night closing order and notice being duly given, everything in the thirst emporium line was hermetically sealed at that hour and no attempted violations were reported.

## ORDER IS GIVEN

### TO BUILD BATTLESHIP IN THE NEW YORK NAVY YARD.

### NORFOLK AND BOSTON LOSE

### STRONG PRESSURE FOR WORK AT BOTH PLACES.

### DISADVANTAGES IN BOTH

### SECRETARY MOODY ACTS ON THE NEW LAW.

Washington, July 7.—Secretary Moody today, after consultation with his bureau chiefs, gave orders that one of the battleships authorized at the last session of congress be constructed at the New York navy yard.

The secretary was under strong pressure in this matter. Beside New York, Norfolk and Boston were strong competitors for the work. The secretary was finally influenced in his decision by these facts: That no less than two years' time would be required to bring the plant at the Boston yard up to a point where it could undertake the work of building a battleship; also that the $175,000 authorized by congress to be expended in making ready for the construction of the ship would be insufficient at Boston.

At Norfolk, which made a better showing than Boston in figures, principally owing to the fact that labor is cheaper and the work could go on in the open air all the year around, it was discovered that the freight charges on the raw material from the iron mills to the navy yard were about 10 per cent. more than in the case of the New York yard, and in a ship weighing between 10,000 and 15,000 tons, this increased cost would be considerable. Also in the case of Norfolk, it was feared that the demands for labor at the navy yard would have to be met from the private shipbuilding works in Virginia and the result would be to seriously retard the progress of work at those yards upon government ships. These considerations were believed by Secretary Moody to warrant the placing of the work at New York. It is the intention to start the working out of the detail plans immediately, and in the course of about eight months the keel plates will be laid at the New York yard for the new battleship.

## GARBAGE BOXES ARE NEEDED

### HEALTH COMMISSIONER HAS A WORD TO SAY.

### In Tour of City He Found That Few Persons Were Using Boxes—City Hall Notes.

The city health department has just received a set of samples of a sanitary garbage can, which Commissioner Macbeth says is the most practical thing he has yet seen. It is much superior in any way to a box in every way. Speaking of garbage, Commissioner Macbeth says that he took an hour's walk through alleys in the city on the Fourth of July and did not see a solitary sanitary garbage box and only two or three receptacles of any kind. "If there would be any way to prove it," said the doctor, "I would wager every dollar I've got that not 25 per cent. of the garbage in the city ever gets near the crematory. This is not the fault of the garbage collectors, but the citizens. Garbage in an open box is almost as menacing as though thrown into a promiscuous pile in a corner, the principal advantage being only in that when the box is full of garbage and trash it is taken away, while a concealed pile in a yard goes on accumulating forever. I think more stringent laws are necessary to regulate the garbage question. Compulsory sanitation is always unpopular, but it saves many lives in the course of a year."

A new case of scarlet fever has been reported at No. 504 West Wayne street.

The board of works will meet in regular session this afternoon, when the assessment roll for the Fletcher avenue improvement will be approved. No other business of importance is likely to be presented.

A machinist from the Holly Manufacturing company's works arrived in the city last Saturday to set up the big new pump at Station No. 2. Now, if the Holly company will kindly send along the pump, maybe their representative here will be able to earn his salary. The gentleman brought with him some bills of lading, which make good reading, but are not worth much as a water supply. Meanwhile the Holly company's forfeit of $25 per day goes merrily along and it is not likely that a bunch of bills of lading will go far toward gold-bricking the trustees out of that $25 per. The contract calls for machinery and not for specimens of handwriting.

### PRESIDENT PLAYS TENNIS.

Oyster Bay, July 7.—President Roosevelt did not come into town today, but spent most of the time in playing tennis with his children. This afternoon Mrs. Roosevelt will give a tea to about forty of her neighbors, at which the president will be present, and tonight there will be a display of fireworks at Sagamore house and an informal reception. Secretaries Cortelyou and Loeb drove to the Oyster Bay bank shortly before noon and immediately began the work of preparing the temporary executive office. Up to the present time no callers have put in an appearance, which indicates that the president's wish that he be relieved from unnecessary interviews is being respected.

## MANY HEAR BERNE CHOIR.

The Maennerchor of Berne, Ind., sang in several Fort Wayne churches yesterday and large audiences were present at every church where they appeared. They sang at St John's church in the morning, at Plymouth church in the afternoon and at Berry street M. E. church in the evening. The singing at St. John's church was in German, but at the other churches they rendered two sacred cantatas in English, "The Fall of Gaza" and "The Martyrs of the Arena." At the Congregational church, besides the cantatas, they sang "Abide With Me" and "Jesus, Lover of My Soul." The members of the choir, sixteen in number, belong to the Mennonite church in Berne, and although they have been singing together less than a year their work is very fine. The men do not sing for musical effect altogether—their songs are sung with a depth of feeling that characterizes worship of God. While in the city the singers were the guests of Joel Welty. The choir is under the direction of Eli Lugin and the accompanist is Miss Rose Lehman, of Berne.

The Peru charge is an irremovable rectorship and in accordance with the rules of the church a competitive examination is held for the position. The examining board makes a report to Bishop Alerding and the selection is made by him.

## COURT IS IN BAD CONDITION.

The tennis court maintained by the city in Swinney park is in very bad condition and apparently nothing has been done this season to put it in shape for playing. The court is frequently used for such sports as putting the shot and jumping and the ground is so rough that playing is practically impossible. A few days ago a player stepped into one of the holes and was thrown heavily to the ground, sustaining a badly sprained elbow and a sprained ankle.

## FLIGHT WAS A GOOD ONE.

Members of the Fort Wayne Homing club are pleased at the showing made by local birds in a 600-mile flight from Fayetteville, Ark., to this city a few days ago. Twenty-nine birds were liberated on Tuesday and nearly all finished inside the record time of three days. The first bird to arrive was from the loft of Henry Beach at 4:15 Thursday afternoon, closely followed by another at the Carl Schilling loft at 4:19, and as Dr. Schilling's loft is one mile greater distance it gives the latter bird first place. Fred Fischer timed one at 6 p. m., and by evening six birds had arrived. Considering that the birds were in basket twelve days on account of bad weather, the flight is considered a good exhibition.

## PRESSED HARD.

Coffee's Weight on Old Age.

When prominent men realize the injurious effects of coffee and the change in health that Postum can bring, they are glad to lend their testimony for the benefit of others.

Mr. C. C. Wright, superintendent of public schools in North Carolina, says: "My mother, since her early childhood, was an inveterate coffee drinker and had been troubled with her heart for a number of years and complained of that 'weak all over' feeling and sick stomach.

Some time ago, I was making an official visit to a distant part of the country and took dinner with one of the merchants of the place. I noticed a somewhat peculiar flavor of the coffee, and asked him concerning it. He replied that it was Postum Food Coffee. I was so pleased with it, that after the meal was over, I bought a package to carry home with me, and had wife prepare some for the next meal; the whole family were so well pleased with it, that we discontinued coffee and used Postum entirely.

I had really been at times very anxious concerning my mother's condition, but we noticed that after using Postum for a short time, she felt so much better than she did prior to its use, and had little trouble with her heart and no sick stomach; that the headaches were not so frequent, and her general condition much improved. This continued until she was as well and hearty as the rest of us.

I know Postum has benefitted myself and the other members of the family, but not in so marked a degree as in the case of my mother, as she was a victim of long standing."

Good opportunity to double your money. Terms easy, small payment down, long time on remainder. It begins to look as though Tracy, the Oregon desperado, would be a good man to let get away. It also looks as though he would, anyway.

In the higher altitudes of Colorado severe snow storms have been raging for several days. Those who understand how to apply this information psychologically can get much comfort from it.

And still Colonel Watterson keeps on skinning Mr. Cleveland, and Mr. Cleveland, with the obstinate determination characteristic of him, keeps right on saying nothing. Has the Kentucky colonel effectually "laid out" the Jersey sage, or is that distinguished and reposeful figure merely treating the colonel with silent contempt?

Aguinaldo is reported to be contemplating a visit to the United States. Let us hope it is true. A tour of the country, a sight of its resources and strength and a knowledge at first hand of its people will be of salutary benefit to the sometime Filipino leader. But in the light of dispatches from Manila there is reason to believe he will not come primarily seeking enlightenment. What he probably wishes is to get away from the Philippines to a place where he can enjoy his new found liberty without fear of being boloed in the back. The ex-chieftain of the insurgents is in mortal terror of the friends of General Luna, whom he caused to be assassinated, and there is doubtless fair ground for his fear. Moreover, let him come, whatever his purpose. It will do him good.

Senator Platt, of New York, has declared himself for President Roosevelt in 1904. This is important and probably true. Evidently the senator does not intend to signalize his old age by butting his head into the immovable.

The mayor's recent order for the suppression of gambling and the closing of saloons at the hours he has appointed, is said to command a fair degree of obedience. That much being possible, why does not the mayor go the full length of it and compel obedience to the laws of the state, which prescribe that saloons shall close at 11 o'clock at night and remain closed all day Sunday? That is the law and that should be the rule and custom enforced.

## MR. MORSS TO MR. BRYAN.

A few weeks ago the Indianapolis Sentinel administered what it good-naturedly was pleased to term "a severe rebuke" to Mr. Bryan. It was wholly temperate and reasonable criticism of Mr. Bryan's attitude toward recent efforts to restore harmony in the democratic party. The "rebuke" was not at all to the liking of Mr. Bryan, for in the last issue of the Commoner he came back full tilt at Editor Samuel E. Morss, of the Indianapolis Sentinel, whereupon, Mr. Morss reads Mr. Bryan a new lecture with more and sharper points in it.

Almost at the outset of his rejoinder Mr. Morss says:

To begin with, let us say that Mr. Bryan's persistent assumption of a monopoly of Democratic Conscience and Virtue for himself and those who believe with him in the Divine Inspiration of a certain form of words forced upon an unwilling convention at Kansas City in 1900, is as unwarranted as it is offensive.

After some elaboration of the fact that the Indianapolis Sentinel has been teaching and supporting democratic doctrine since a time long before Mr. Bryan was born and advocating bimetallism long before Mr. Bryan knew what it was, Mr. Morss continues:

The Sentinel has always been a bimetallist but never a —— fool. The same may be said of the democratic party of Indiana. It is today more harmonious, more aggressive, and more confident than it has been for ten years. The recent convention—in which, by the way, The Sentinel had no part—was composed overwhelmingly of men who, like the Sentinel, supported Mr. Bryan loyally and enthusiastically in 1896, and with equal loyalty, if somewhat less enthusiasm, in 1900. The platform committee was composed exclusively of men who fought with Bryan in 1900, and not more than one member of it was suspected of even faltering in 1896. The chairman of the committee, who reported the resolutions, was Mr. B. F. Shively, always a pronounced Bryan man and a radical silver man. This committee made a platform which expresses the views of the practically unanimous democracy of the state. It was ratified by the convention with a whoop. It is a thorough-going democratic platform, sound on every question, vigorously anti-monopolistic, and its crowning virtue is that it is free from the fatuous bourbonism which would tie the party to a corpse, which, however lovely in life, is too beautiful in death to be disturbed. There may be for the deceased, in the future, a glorious resurrection. Should events recall it to life the Sentinel will, as always, do its duty. Meanwhile the Cast-Iron Logic of the Situation dictates Decent and Speedy Burial. Decomposition is already setting in.

Mr. Morss then admonishes Mr. Bryan that his course is not good politics, is not statesmanship, is not common sense, and in conclusion has this to say:

Meantime, in all sincerity, and in all kindness, and in a spirit of true democratic brotherly love, we urge Mr. Bryan to stop throwing cold water on the democratic cause in Indiana. The democrats of this state are entitled to, and should receive, Mr. Bryan's cordial, unequivocal and ungrudging sympathy and support in the contest they are waging for good government and against organized rapacity. They are fighting for principles to which he has always professed attachment, under the leadership of men who, even if some of them are engaged in profitable pursuits, are none the less entitled to respect and confidence. It is "up to Mr. Bryan" to fight with us or against us.

Mr. Bryan likewise will conceive that it is "up to him" to say what else he thinks of the editor of the Indianapolis Sentinel and the other gentlemen who were in the shop when the last platform of the Indiana democracy was framed.

## OUTDOOR LIFE IN WISCONSIN.

Dr. Bulson has returned from a week's hunting and fishing trip to northern Wisconsin, "thirty miles on the other side of nowhere," as the doctor puts it. He was one of a party of ten, all members of the medical profession and most of them eye specialists from Milwaukee and other Wisconsin cities. The doctor devoted most of his time to fishing, his first hunting experience being rather discouraging. He saw a fine bird on a tree back of the camp and quietly sneaking into camp and back again with a gun, he gave himself a violent surprise by bringing it down on the first shot. He marched back to the tent with it, nearly exploding with triumph and holding it up proudly, declared it was the finest specimen of owl he had ever killed. "Owl, nuthin'" said the guide. "thet's a young muskeeter," and so it was. Mosquitos up there are bigger than bats when they are hatched. Of fish, however, the party got plenty and all fine and large at that. The Sentinel is afraid to say just exactly how big the smallest one was that the doctor caught for fear of being accused of misquoting. One of the most enjoyable incidents of the trip was the ride from the station to the camping grounds. There was no road after the first seven miles and the wagons just bumped along through the woods, hopping over stumps and logs and trees and frequently jumping ravines or gullies from thirty feet to three quarters of a mile across. The excursionists wore snow shoes, which they nailed to the floor of the wagon-bed and then strapped themselves fast to the sideposts. In some of the exciting flights, the doctor thinks the wheels did not touch only about once in fifteen minutes. He liked the trip so well that he is going back next year to spend three weeks. Before going he proposes to hire a traction engine to run over him several times a day for a week so as to accustom him to the trip from the life saving station to the camping ground.

## WENT TO SLEEP ON THE TRACK.

Onedia, N. Y., July 7.—George Moorman, of Syracuse, was instantly killed on the New York Central here early today and Norman Hill, of Titusville, Pa., was probably fatally injured. They dropped off an east-bound freight in the western part of the city and went to sleep on a pile of ties. When it began raining Moorman suggested crawling under a box car standing on a siding and they went to sleep there. Shortly before 3 o'clock an east-bound freight threw some cars into the switch which ran over Moorman and Hill.

Moorman was about 35 years old and carried a cobblers' kit of repair tools.

## BOER LEADERS COMING.

New York, July 7.—The Daily Mail's Pietermaritzburg correspondent wires, according to a World special from London:

"Louis Botha, in the course of conversation, said that after their visit to Europe, he, DeWet and Delarey intended going to America, but their precise tour would have to be determined by circumstances. Their object was to collect funds for the relief of Boers ruined in the war. Botha is arranging for an official history of the war from the Boer side, written by himself, DeWet and other leaders."

## CHOLERA IN MANCHURIA.

Berlin, July 7.—It is announced here in a dispatch from Port Arthur that cholera is spreading in Manchuria and that the mortality rate is very great. Out of 396 cases at Inkau 334 were fatal.

## BIG FLOODS IN NEW YORK

### CLOUDBURST CAUSES GREAT DAMAGE.

### Overflow at Belfast Worst Since Year of Johnstown Flood—Railways Blocked.

Buffalo, N. Y., July 7.—A message received here last evening from Belfast, below Portageville, on the Rochester branch of the Pennsylvania, says the flood there equaled the deluge in the year of the Johnstown flood. Loss of life at Belfast had been reported, but the message made no mention of any casualties.

At the offices of the Erie railroad the following statement was given to the Associated Press:

"On our main line between Buffalo and Hornellsville, our eastbound track was slightly damaged between Dale and Warsaw and our westbound track between Swains and Canaseraga. We are getting our trains through at these points by using a single track. We expect to have both tracks open for traffic this afternoon."

At the office of the Pennsylvania railroad it was stated that all of their lines were open except the Rochester division, Hinsdale to Rochester.

## ALL TRAINS ABANDONED.

Olean, N. Y., July 7.—A heavy rain and cloudburst did much damage throughout Allegheny county yesterday morning. Many washouts along the Rochester division of the Western New York and Pennsylvania railroad occurred and all trains were abandoned. On the Erie railroad washouts occurred at several points between Salamanca and Hornellsville and at Scio a bridge was carried away. Much stock was killed by lightning.

Paul Fahrer, 10 years old, was drowned in the Allegheny river here. While swimming he was overpowered in an eddy that had been created by a sudden rise in the river.

## CROPS DESTROYED.

Utica, N. Y., July 7.—The Mohawk river has risen above its banks from Rome eastward and water now covers thousands of acres of heavy grass ready to harvest and all the bottom lands devoted to mixed farming. In some places in the Mohawk valley farmers have lost nearly all the crops of this year from high water.

## AGUINALDO TO VISIT US.

New York, July 7.—According to announcement made here, says a Boston dispatch to the World, Aguinaldo is coming to the United States and his departure from Manila for San Francisco is expected, it is said, at any time. He will come direct to Boston to join his former secretary, Sixto Lopez, and will then start on a tour, delivering a series of lectures on the conditions in the islands and making a plea for the independence of his countrymen.

## FIREMAN BADLY HURT.

New York, July 7.—A fire at 590 Broadway, near Prince street, early today, caused a loss of $100,000. A fireman fell one story with a falling roof and was so badly hurt he had to be taken to a hospital. The fire was in a five-story building and it destroyed the three upper floors. They were occupied by L. Wolf, leather goods, and Oppenheimer & Gunsberg, hats.

Mothers, be sure and use Mrs. Winslow's Soothing Syrup for your children while cutting teeth. It is the best remedy of all. my8-eod-w

# CANCEROUS ULCERS

Are in many respects like other ulcers or sores, and this resemblance often proves fatal. Valuable time is lost in fruitless efforts to heal the sore with washes and salves, because the germs of Cancer that are multiplying in the blood and the new Cancer cells which are constantly developing keep up the irritation and discharge, and at last sharp shooting pains announce the approach of the eating and sloughing stage, and a hideous, sickening cancerous sore begins its destructive work.

No ulcer or sore can exist without some predisposing internal cause that has poisoned the blood, and the open discharging ulcer, or the festering sore on the lip, cheek or other part of the body will continue to spread and eat deeper into the flesh unless the Blood is purified and the Cancer germs or morbid matter eliminated from the circulation.

S. S. S. cleanses the blood of all decaying effete matter. It has great antidotal and purifying properties that soon destroy the germs and poisons and restore the Blood to its natural condition. And when pure blood is carried to the ulcer or sore the healing process begins, the discharge ceases and the place heals over and new skin forms. S. S. S. is a strictly vegetable blood purifier containing no mercury or minerals of any description.

If you have an ulcer or chronic sore of any kind, write us about it, medical advice will cost you nothing. Books on Cancer and other diseases of the blood will be sent free. THE SWIFT SPECIFIC CO., Atlanta, Ga.

In February, 1899, I noticed a small lump on my lower lip. The doctor cauterized it but another came and broke out into an open sore. I began to take S. S. S. and after I had taken seven bottles the place healed entirely and no signs of the disease have been seen since. W. P. Brown, Hollands, S. C.

# More Harmful Than Alcohol

## Overeating Worst Form of Intemperance.

If your food is undigested, you are underfed, no matter how much you eat. And the underfed man is, to the extent of the underfeeding, crippled for the battle of life. On the other hand, there is such a thing as overeating. The harm done by indigestion caused by overloaded stomachs exceeds that from the increased heart beats caused by the use of alcohol or whiskey.

Eat as much good food as you need but don't overload the stomach. If your stomach is weak it may refuse to digest what you eat. Then you ought to use a good digestant like Kodol Dyspepsia Cure, which digests what you eat without the stomach's aid. This rest and the wholesome tonics contained in Kodol Dyspepsia Cure soon restore health. You don't have to diet. Don't eat too much. That's harmful. But eat enough and of sufficient variety. Kodol Dyspepsia Cure will digest it. It quickly relieves the sensation of fulness and bloating from which some people suffer after meals. It prevents belching and absolutely cures indigestion and other stomach troubles. Equally good for children.

Lemuel James, Marysville, O., says: "I suffered from dyspepsia for thirty years but a few bottles of Kodol Dyspepsia Cure completely cured me and I heartily recommend it to all sufferers from this disease."

## THE MEETING WAS A SUCCESS

### END OF THE YOUNG PEOPLE'S BIBLE CONFERENCE.

The Inaugural Feature of Winona Lake Promises to Become of Future Importance.

Winona Lake, Ind., July 6.—Rev. E. J. Bulgin, the noted evangelist of Chicago, opened the conference for young people inaugurated by Rev. Dr. J. Wilbur Chapman, at Winona Lake, Ind., June 30, and closing today. This meeting opened the regular Winona season, and it is intended to make it an annual feature of Winona, which, in time, will grow to be as great at the National Bible conference, started eight years ago with an attendance of thirty-five Bible students, increasing in attendance each year until in 1901 over 5,000 ministers and Christian workers were attracted to its sessions.

The arrivals showed that all sections of the country were represented at this first meeting. The services were in charge of Dr. Chapman, assisted by Rev. Arthur J. Smith, of New York. During the morning and the evening the meetings were held in the chapel of the Inn. Meetings were also held on the lake when the weather permitted. Most of the afternoons were given over to recreation, when the young people enjoyed the beauties of the park or engaged in the many games for which Winona is noted.

The regular sessions of the conference were suspended for a patriotic observance of the Fourth of July. Hon. A. C. Harris, of Indianapolis, ex-minister to Austria, delivered an eloquent address admirably suited to the occasion.

The speakers during the conference were Rev. Dr. Chapman, Rev. Arthur J. Smith, New York; Rev. Clarence E. Ebermann, field secretary of the United Society Christian Endeavor; Rev. W. A. Sunday, who is spending the summer at Winona Lake; Rev. W. E. Biederwolf, Monticello, Ind.; S. D. Gordon, Cleveland; Rev. Dr. H. A. Gobin, president of Depauw university. The music, a pleasing feature of the conference, was in charge of Prof. W. S. Weeden, of New York, and Prof. George A. Fisher, of Grand Rapids, Mich.

All matters relating to young people's movements in church, Sunday school and missions were ably discussed by the speakers and young people present. The closing service held on the hillside was a most impressive one, Rev. Arthur J. Smith and Dr. Chapman presiding.

The attendance was good from the beginning to the close, and Dr. Chapman is to be congratulated upon the success of this the first young people's conference of Winona.

### NEW MEMBERS ADMITTED.

At a meeting of the directors of the Golf club Saturday night, it was decided that after the membership of the club reaches 250 the entrance fee for active members shall be $25 and for associate members half that amount. The following new members were admitted:

Herbert W. Bond, Miss Anna B. Randall, Fay Randall, Mrs. Fred L. Hartman, O. N. Guldin, P. Plantings, Miss Harriet W. Fowler, Mrs. J. J. Wood, Miss Linda McKinnie, Lloyd E. King, Mrs. R. P. Bischoff, Miss Margie Hanna, W. E. Steinewedell, and Mrs. Charles Guild, Miss Irene Smith. Masters Brown Cooper, Maurice Lohman, Miss Clara M. Lukens, Miss Blanche Study, Dr. Allen Hamilton, Mrs. S. C. Lumbard, Miss Edith Hughes, Miss Julia M. Hanna, Mr. and Mrs. G. T. Ladd.

### INTRUDER SHOT DEAD.

Connellsville, Pa., July 7.—During the night an unknown man entered the house of Lud Pritts, a mountaineer, living near Rockwood, Pa., and proceeded to the apartments of Pritt's young wife, evidently supposing her to be alone. Her screams aroused her husband, who was in another room, and hastily grasping his Winchester, he shot the intruder dead as he started to run from the house.

### PLATT OUT FOR ROOSEVELT.

New York, July 7.—Senator Thomas C. Platt, on his first Sunday of the season at Manhattan Beach, said some surprising things in a political way. He was asked if New York republicans, in their coming state convention, would follow the example of other states which had indorsed President Roosevelt's administration and declared in favor of his renomination in 1904.

"It is a little premature," Senator Platt replied, "to discuss such a thing now, but I feel safe in saying that the next republican state convention will indorse not only the republican administration, but Roosevelt as well, the same as several states have done."

Reminded of the story from Washington that he would co-operate with Senator Quay in urging President Roosevelt's renomination two years hence, Senator Platt replied:

"If New York and Pennsylvania are for Roosevelt in the next national convention, that will come pretty near settling it. They were for him for vice president in the Philadelphia convention."

"And he was nominated," one of his questioners said, "even though you did have a broken rib at the time."

"Broken ribs," the senator replied with a smile, "do not count when it comes to putting through a political program."

## FOUL PLAY IS SUSPECTED

### BODY OF BOY FOUND IN CANAL AT GOSHEN.

Disappeared the Fourth and There are Evidences That He Was Slain and Robbed.

Goshen, Ind., July 7.—Crushed and bruised about the face and soaked with water the body of Frank Ganger, the sixteen-year-old son of Emanuel Ganger, a prosperous and well-known farmer living near this city, was found floating in the mill race by a crowd of boys who had gone swimming Sunday afternoon. The frightened boys informed the officers of their gruesome find and the body was taken from the water and identified as the remains of young Ganger. The face was badly crushed, apparently from heavy blows by a blunt instrument. The last time Ganger was seen alive was Friday afternoon, when he was with a crowd of young persons celebrating the Fourth of July. He was later seen on the banks of the canal in company with a young woman who has since been missing. Young Ganger's parents believe he was murdered and the body thrown into the creek. When the body was examined no money or jewelry was found and his parents and friends say that he had a considerable sum of money and some valuable jewelry when he came to the city last Friday. He rode a new bicycle and with Ganger's disappearance the wheel has been missing. On the trousers on the dead body were bicycle guards, but nothing of his wheel can be found. Ganger was employed at Sturgis, Mich., and came to the home of his parents to celebrate the Fourth of July. He was a young man of good habits and his mysterious death puzzles the officers. The police and coroner are investigating the case. They are convinced the young man met with foul play and several suspects are under surveillance. It is believed arrests will be made in the case in the morning.

### FAMOUS ACTRESS IS DEAD.

New York, July 7.—Ada Gray, aged 52 years, the noted actress who made the play "East Lynne" famous in every corner of this country and in England, died yesterday at her home in Brooklyn, N. Y., after a long illness. Ada Gray was born in Boston, Mass., and was not 11 years old when she saw her first play. Her father, a journeyman mason, had died a few years before and left his family in poor circumstances, so at the age of 14 little Ada found a chance to earn a small sum of money each night at the Boston museum and gladly accepted it. The play in which she made her first appearance was "The Hunchback." At 16 she was playing principal characters. She went to Ben Decar's theater, St. Louis, as leading actress and next to Louisville. It was in 1885 that Ada Gray began to make "East Lynne" the principal play of her repertory and in ten years she appeared in it nearly 2,000 times.

### TEACHERS IN SESSION.

Minneapolis, Minn., July 7.—Bright skies and balmy breezes greeted the teachers and educators who arrived here today to attend the sessions of the National Educational association. All incoming trains brought large delegations. The local committees had their arrangements so carefully organized that there was no confusion and the assignment of quarters went rapidly on. The meetings of the day were those of the national council and of the Indian educational section. The council is the inner circle of the association and election to it is esteemed a high honor. Its memberships are limited and run for life. The session was held in the Unitarian church.

### SCHNITKER WILL LIVE.

The condition of J. B. Schnitker, of Rome City, who was so badly burned in an explosion of gas in Gilbert's lodging house Saturday morning, is much improved, and his attending physician, Dr. M. W. Tinkham, thinks he will recover. Schnitker's condition was very serious on Saturday, but on Sunday an improvement was noticed and the patient is gaining slowly.

Miss Margaret Heustis is visiting in Toledo.

## AGUINALDO LIVES IN FEAR

### ASKS GENERAL CHAFFEE TO GIVE HIM PROTECTION.

It is Thought He is Afraid of the Friends of Luna Whom He Had Caused to Be Slain.

Manila, July 7.—As a result of the proclamation of amnesty July 4, the guard of American soldiers has been withdrawn from the house where Aguinaldo lived in Manila, and Lieutenant Johnson, Aguinaldo's custodian, brought the Filipino today to see General Chaffee. It was the first meeting between the American general and the leader of the Filipino revolution. Lieutenant William E. McKinley, of the Ninth cavalry, acted as interpreter.

Aguinaldo was told that he was free to go anywhere he pleased, and General Chaffee asked him if he had any complaint to make of American discourtesy or harshness. Aguinaldo replied that he had no such complaint to make. He told General Chaffee that he was going to visit friends at his home in Cavite Viejo, in Cavite province, and inquired what protection the American authorities would afford him. He seemed to be afraid to venture out. General Chaffee replied that Aguinaldo would get the same protection as any other citizen.

The former Filipino leader then asked General Chaffee to prevent the courts from requiring him to testify in civil suits. General Chaffee replied that he had no authority to grant this request, and advised Aguinaldo to make a social call on acting Civil Governor Wright. This Aguinaldo said he would do, but that he would go at night, as he was timid about appearing on the streets in daylight.

The release of the former Filipino leader has renewed speculation as to possible vengeance upon him by friends of Luna and his other enemies. Luna was a Filipino leader whom Aguinaldo caused to be killed in 1899.

### LOOKING FOR TROUBLE.

Manila, July 7.—The sultan of Bacolod, Mindanao, has sent an insultingly worded letter to the commander of the American expedition to Lake Lanao, in Mindanao, in which he threatens to begin offensive operations in August. The sultan is at present strengthening his position.

### CONFIRMS ANDREE'S DEATH.

Winnipeg, Man., July 7.—According to a report brought here by Rev. Richard Farier, Professor Andree, the artic explorer, and his companions, Strindberg and Frakel, were killed and mutilated by Eskimos. Mr. Frazer is an Anglican minister in charge of Fort Churchill, the northernmost post of the Hudson Bay company. He corroborates in every detail the report of Andree's death made two years ago by Rev. A. D. Alston. Relics of the exploring party were brought to Fort Churchill the first week in May, Mr. Farier says, by a party of Eskimos. Prior to that time, however, an intelligent Eskimo who had been detailed for the purpose had corroborated the story of death first brought in by Dr. Alston, which was in substance as follows: At a point between 200 and 300 miles north of Fort Churchill Andree and his companions left their balloon and went hunting. The reports of their rifles were mistaken by a band of Eskimos as a hostile signal and arrows were discharged at the explorers, who fired back with their guns. The result of the battle was the death of the three explorers and the injury of two or three of the Eskimos. The latter hacked the bodies of the white men to pieces.

## BASE BALL.

In three more days the base ball season will be half over in the National league and the week will practically close the first half with all the leagues, although not all clubs will have played half the number of games. There has been some change in the ranking of the clubs, but the leaders in the three principal leagues remain about the same, with the exception of the American association, where Columbus has dropped from a sure winner to the tail end of the first division. In the American league Detroit started out with a splurge, but it was only a question of time when Chicago would catch her and pass her and in the National league there never was a time when any club had any show of getting anything better than second place against Pittsburg. The latter club lost Saturday and yesterday, being the first time this season that she lost two games in succession. Other games in the National league yesterday were unexciting and the aggregate attendance at three cities was 12,600, St. Louis leading with 6,500. Only two games were played in the American league, they being at St. Louis and Chicago, where they came in competition with the National league. The total attendance was 15,000, there being 7,500 in each city. At St. Louis two old Fort Wayne pitchers opposed each other, Powell and Mullin, and only four hits were made off Powell, Mullin being touched up for twelve. In the American association five games were played in four cities before 17,333 persons. The results are given below:

# THE MARKETS.

Chicago, July 7.—Feeling in the wheat pit about the weather was mixed, for the fair weather of Thursday, Friday and Saturday was to a considerable degree offset by reports of further rains yesterday. September opened ¼c higher to a shade lower at 73¾@73⅞c to 73½c and declined to 72⅞c on free selling chiefly for the St. Louis account. A recovery to 73¾c followed on local buying. Local receipts for three days were 98 cars, 9 of contract grade. Minneapolis (four days) and Duluth (three days) reported 955 cars, making a total for the three points of 1,056 cars. World's shipments were 6,560,000 bushels.

September was sold to 72⅛c later, but reports of more rains in the west caused covering of shorts under which the market rallied to 74c and closed strong, ⅛@⅜c over Thursday, at 73⅞c.

Corn opened weak, partly on the weather account and partly on the high Iowa crop report which makes the condition 92. September opened ⅛c to ¾c lower at 61¾c to 62. This concession tempted buying and a recovery to 61¾@61⅞c ensued. Receipts were 335 cars for three days. There was little doing in July, which opened at 77c to 79½c.

September closed firm on the weather, ⅜c up at 62½c. July was not handled heavily, but the price ran up to 84¾c during the afternoon.

Opening trades in September oats covered a range from 33⅛c to 33½c, excited shorts being the cause of the high figure. The market soon steadied at 33½c. The weather was the factor. Receipts were 358 cars.

Provisions opened firm in sympathy with hogs, buying being largely for the packing account. September pork opened 12½c to 20c higher at $18.60 to $18.87½ and sold to $18.67½; September lard opened 5c to 15c up at $10.80@10.90, and September ribs 7½@12½c improved at $10.80@10.85.

THE DAY ON WALL STREET.

New York, July 7.—Many of the prominent international stocks ignored the heaviness of the London market, but in other cases there were declines in sympathy with London. The soft coal carriers and the granges were notably firm. Rock Island rising 1¼ and Chesapeake and Ohio and Illinois Central ¾ each. The market was quite active and dealings were well distributed.
Leading stocks moved alternatively up and down in the first thirty minutes during which the downward tendency became well defined for Sugar, some of the hard coal stocks and St. Paul. Meanwhile a few of the southwesterns, Amalgamated and Hocking Valley were rising, the last named gaining 2¼. St. Louis Southwestern preferred, Louisville, Hocking Valley preferred, Illinois Central and American Ice rose a point or over and Minneapolis, St. Paul and Sault Ste Marie preferred 2, while Sugar lost 1. Rock Island was bid up later to 180 causing a good rally in St. Paul and a gain of 1¼ in Northwestern, but the general market continued very uneven. Sudden spurts in special stocks were poorly held.
Trading became more active and the tone in general was better, but there were some important stocks which hung back, notably Sugar. Rock Island was advanced 5½ to 182½ and Des Moines and Fort Dodge jumped 3¾. St. Paul, Louisville, New York Central, Pennsylvania, Illinois Central and Canadian Pacific advanced from 1 to 2¼ over last week's close. Colorado Fuel rose 1¼. Before midday the market quieted down when the southern and southwestern stocks reacted on realizing.
Southern Pacific hardened a fraction, Chicago and Eastern Illinois gained 2 and Tennessee Coal about a point, but the active stocks generally were lower. Rock Island reacted 2⅛ and Des Moines and Fort Dodge 1½. New Jersey Central sold 9½ points lower than the preceding sale and Canada Southern 2½. New York Airbrake rose 2¼. Nashville, Chattanooga and St. Louis 1¾, St. Joseph and Grand Island second preferred 1¼ and Grass Twine and Twin City Rapid Transit a point each.
Prices sagged slowly all through the list on small offerings. Rock Island sold 3 points below the best and Consolidated Gas, Colorado Fuel, Illinois Central, Louisville, St. Louis Southwestern preferred and Hocking Valley stocks 1 to 1½. Prices recovered somewhat when Sugar rallied to a fraction over last night.
There was no distinct tone during the final hour and prices drifted quite aimlessly and narrowly. Atchison got ⅞ over last week, Missouri Pacific about as much and Cleveland, C., C. & St. Louis 1¼. Canada Southern and New Jersey Central rallied 1½ each. Northwestern reacted 1½, Detroit Gas lost 1¾ and Pacific Mail a point. The closing was dull and heavy.
Bonds were firm.

## FIERCE FIGHT WITH SHARK

HARRY SPEERMAN'S BATTLE AT ATLANTIC CITY.

Man Said to be From Fort Wayne is in Mix-Up With Man Eater and is Badly Bitten.

(Special to The Sentinel.)
Atlantic City, N. J., July 6.—While bathing yesterday a quarter of a mile from shore Harry M. Speerman, of Fort Wayne, Ind., saw floating near him a dark object, which he supposed was the body of a man.
He swam to where it was, dived after the object, but the supposed dead man turned out to be a most lively eight foot man-eating shark.
When he dived after it, Speerman grabbed the fish by the tail. Like a flash the shark made a rush for Speerman, who, by this time, was thoroughly scared and called loudly to some people on the pier for help.
When the shark rushed the second time it missed one of Speerman's legs by an ace. Again it came after him, this time its large fin cutting the water like a knife.
Life Guards Calhoun and O'Neill put out in their life boat to Speerman's rescue. Before they could reach him the shark was fast getting in a few knockout blows.
It continued its series of attacks and finally caught Speerman's left arm between its massive jaws. Its long pointed teeth went deep into the flesh, nearly severing the arm.
Speerman was weak from the fight and wound and very nearly fainted. The shark came at him again, but it was the last rush.
The fish made for Guard Calhoun, who had pulled along side of Speerman, who harpooned the fish with his boathook. Speerman was pulled into the boat.
The fish came to the surface and was also taken ashore.
Speerman intends to have it stuffed.

Speerman's name is not given in the Fort Wayne city directory and up to a late hour this afternoon The Sentinel was unable to identify him as belonging in Fort Wayne

## GIRL GOES TO SACRED HEART

A TENTATIVE DECISION IN KROCK-JENSEN CASE.

Child to Remain at Catholic Sisters' School Until Further Orders of the Court—Court News.

Judge Aiken held court for a short while this morning and again temporarily disposed of the Krock vs. Jansen habeas corpus case, declining to render a final decision, but ordering the little girl, Estelle, in dispute, to be placed in the Academy of the Sacred Heart, at the expense of the father. She is to remain there until further order from the court and may remain there until she matures. In the meantime further investigations will be made to decide which of the two parents, now separated, is the most fit person to be given the legal custody of the little girl. The decision of the judge seemed entirely satisfactory to the attorneys on both sides of the case.
The only other matter disposed of by the court today was in the matter of John L. Baldwin vs. Ruby Baldwin, relating to their divorce case, instituted last Saturday. Mr. Baldwin called upon his wife to get his trunk and his clothes and was refused. The court issued an order to Mrs. Baldwin to deliver his belongings to the husband and the order was served by Deputy Sheriff Reichelderfer this afternoon.
After disposing of this last matter the judge was seen wending his way toward the Lake Shore depot, and rumor has it that he will be seen no more in Fort Wayne for about a week. Meantime, the fish up around Lake George will be having a hard time of it.
Aultman, Miller & Co. have filed suit against William H. Hill for $150, purchase price for a Buckeye binder.
From January to July 1st of this year 501 trusting couples have undertaken to demonstrate that marriage is not a failure, that number of marriage licenses having been issued by County Clerk Belot.
Frank Bercot, of the county clerk's office, left for Chicago this afternoon on business connected with the Central Foundry company, in which he is interested.
The county commissioners were in session today, considering liquor licenses. There were twenty-two applications and no remonstrances. Among the licenses granted was one to Frank Bush, of Zanesville, whose brother, Robert Bush, was remonstrated against at the last session of the commissioners.
John Morris, jr., left for New York on Pennsylvania special at 3:20 this afternoon on a business errand.
The meeting of the state bar association will be held at Indianapolis tomorrow and Wednesday. Among the Fort Wayne attorneys who will attend are Judge Zollars, James M. Barrett, S. L. Morris and William P. Breen.

Mrs. Wilkins—I'm glad the doctor says you won't lose the use of your leg, but you are wrong, Willie, when you say I was the cause of the explosion.
Willie Wilkins—Well, if you hadn't come around the corner and caught me smoking, I wouldn't have put the lighted cigarette in my pocket with the firecrackers.

Visitor—Well, Tommy, did you have as good a time this Fourth of July as the last Fourth?
Tommy—No'm. I only lost one eyebrow and two fingers this year.

## A NEW CUPOLA TO BE PLACED IN THE FOUNDRY.

## TO HAVE CAPACITY OF 2,500

## WILL GREATLY INCREASE OUTPUT OF THE WORKS.

## NEW NAMES ADDED TO ROLL

## THE ELECTRIC WORKS TAKING ON MORE MEN.

No manufacturing concern in Fort Wayne has increased its capacity to a greater extent within the past few years than the Western Gas Construction company, and additions and improvements are still going forward as rapidly as circumstances will permit. The increased demand for the products of the company has necessitated the recent purchase of another cupola for the new addition to the foundry and within a few days one of about 2,500 tons daily capacity is expected to arrive. Everything is in readiness to place the new cupola in position to begin the work of heating iron for castings. The new building at the works for cleaning castings and the storage of patterns is about half completed, while the new and large addition to the machine shop is well under way. Both of these buildings have been delayed some time by the non-arrival of building material. The company is still short of patternmakers and Supt. W. G. Kaiser is anxious to secure more skilled workmen for this department.

### HEAT AFFECTS ENGINEMEN.

The extreme heat of the past few days, following so closely the cool weather of the preceding weeks, has caused considerable sickness among the enginemen and the following have been reported at the office of the road foreman of engines of the Pennsylvania as unable to work, with one or two exceptions, on account of sickness: W. P. Slagle, U. G. Rhodes, M. H. Durnell and C. Sweeney, engineers; A. L. Freiburger, C. Rogers, H. D. Fisher, A. C. McMillen, H. F. McGuire, F. E. Reilly, M. C. Wolford, O. Bessert, E. J. Agerter and J. Flaugh, firemen.

### SLIGHT WRECK AT LAOTTO.

A pair of trucks under one of the sleepers composing train No. 5, on the Grand Rapids and Indiana road, jumped the rails near Laotto early this morning and that train was delayed for a short time. The cars did not leave the rails and no damage to rolling stock resulted. The wreck crew from this city was called out and in a short time after reaching the scene had righted the trucks. No. 5 was following No. 1 and had passed the southbound train when the accident happened, and thus no passenger trains were delayed other than the one to which the accident happened.

### LABORERS INJURED.

Two Italian laborers employed in cutting down the grade for the erection of the new round house for the Pennsylvania company, and who had been lodging in a box car near the east yards, were removed to Hope hospital last evening, both suffering from injuries apparently sustained several days ago. Their removal was ordered by Dr. Stemen, who had been called to treat the injured men and found their surroundings not of the condition required for the proper treatment of their injuries. One man was suffering from a partial fracture of an arm and the other had a bad cut on the leg.

### TAKING ON MORE MEN.

The Fort Wayne Electric company continues to add to its force of employes and hardly a day has passed recently that one or more men were not employed there. The following names were added to the pay rolls of the works today: Vernon Jones, japanning department; James V. Lewis, switch board department; Eugene Potter, lamp department; Joseph Schaedel and Harry Templar, meter department. The last named is a son of Chief Clerk Harry Templar, of the works.

### INJURED AT ROME CITY.

Irwin Toy, of the winding department of the Electric works, who has been spending some time at Rome City, suffered a severe cut on the head yesterday at the resort. He was diving from a high spring board and struck his head against a hidden rock.

At the Ripley crossing of the Baltimore and Ohio railroad, five miles west of this place, the outfit was struck by an east bound train, killing the horse instantly, smashing the buggy and throwing young Yeiser with fearful force against a barb wire fence. He was badly bruised and was able to make his way homeward only after much difficulty. Dr. W. M. Veasey, who was summoned, says Yeiser will recover. The train which struck his buggy did not stop.

# CONTRACT READY

## FORT WAYNE AND NORTHERN MAKES ANOTHER MOVE.

## ITS AGREEMENTS ARE FILED

## CONFERENCE WITH THE BOARD THIS AFTERNOON.

## CONTRACT READY TO SUBMIT

## ATTORNEY DOUGHMAN ACTS FOR COMPANY.

Attorney N. D. Doughman, representing the Fort Wayne and Northern Traction company, appeared before the board of public works at its meeting late this afternoon to confer with that body regarding the franchise proposition recently made by General Manager Nelson, of the Southwestern, for a new city street railway in Fort Wayne.

It will be recalled that Mr. Nelson filed a proposition offering to accept the franchise terms recently declined by the old city street railway company. Last week, at the request of the city authorities, Mr. Nelson outlined in brief the streets desired to connect up the lines in various parts of the city. The communications were simply filed, and no further action has been taken.

Mr. Nelson and his associates are anxious that the matter shall be taken up by the city authorities, and the object of the conference this afternoon is for the purpose of ascertaining the next step necessary in order to expedite the consideration of the proposition. To this end Attorney Doughman has drafted a form of contract between the city and the Fort Wayne and Northern company, providing for the use of the streets indicated in the communication a few days ago, and combining all the modifications in the way of terms proposed by the city council to the Fort Wayne Traction company and rejected by that company. This includes the sale of seven tickets for twenty-five cents and a life of thirty-five years for the franchise.

If the board of works desires the Fort Wayne and Northern company to submit a contract, it will be done by Mr. Doughman today.

### RAT RAN UP HIS LEG.

George E. Moore, living on Hugh street near St. Mary's avenue, was the victim of a peculiar accident Saturday night. Mr. Moore was cutting grass in his yard with a scythe when he disturbed a rat, which ran up his right leg beneath his trousers. When the rodent reached a point near his thigh Moore grabbed it in both hands and the animal sunk its teeth in his flesh. Moore summoned Luther Birely and his son Edward, who were working in a field nearby, and they mashed the rat's head between two stones. Mr. Birely then cut the seam of the trousers and tried to pull the animal's body out, but it had taken a firm hold of Moore's leg and its jaws had to be pried apart. Moore's leg soon swelled to twice its natural size and he suffered great pain, but today he is able to be about. Dr. Tinkham cauterized the wound and believes no serious results will follow.
